Lyra ' s Oxford by Philip Pullman is a short story that takes place after the His Dark Materials series. Half of this book is a story about Lyra while she is in school at Oxford and what happens when she sees a dæmon that is being attacks by birds.

Lyra and Pantalaimon (now a pine-marten) are back at Oxford, but their peace is shattered by Ragi, the daemon of the witch Yelena, who is searching for a healing elixir to cure his witch.

This book contains a story and several other things. The other things might be connected with the story, or they might not; they might be connected to stories that haven ' t appeared yet . . . Two years after the conclusion of The Amber Spyglass, Lyra and her daemon Pantalaimon sit high on the roof of Jordan College, gazing down on the streets of Oxford. But their peace is shattered by a flock of enraged starlings, who seem intent on knocking another bird out of the sky – a bird that Lyra and Pan quickly realise is a witch ' s daemon. The daemon carries worrying tidings of a terrible sickness spreading in the north, and claims that only Lyra can help him – but is he really friend, or foe? Illustrated throughout with exquisite wood-cut engravings by John Lawrence, this beautifully packaged story also contains an extract of Pullman ' s second short story set in the His Dark Materials world, Once Upon a Time in the North, a map and other missives that seem to have slipped from Lyra ' s world into our own.

This is a wonderful episode from the world of Philip Pullman's bestselling trilogy, His Dark Materials. In Lyra's Oxford the reader shares the huge excitement of discovering a small bundle of material that has somehow slipped between Lyra's universe and our own.
