As a Wiccan who spent twenty-eight years on the police force, Kerr Cuhulain knows a thing or two about self-defense. The author of "Wiccan Warrior" and "Full Contact Magick "returns with a powerful program for magickal protection—based on the principles of the Witches" Pyramid, chi energy, and quantum science. From everyday stress to the emotions of people around you, negative energy is everywhere. This innovative guide not only advises on how to cope with negative energies, but it also offers a fascinating explanation of how magick works in our quantum universe. Beginning and advanced magical practitioners will learn how to safely thwart psychic attacks, develop threat awareness, balance chi, create an astral temple for refuge, and use magickal tools for defense. Cuhulain also evaluates traditional methods of self-defense—energy traps, mirroring, fire, fumigation, sigils—and debunks many protection myths. Also featured are specific warding techniques to protect yourself, shield your home, redirect negative energy, sever psychic links, neutralize a talisman, and more.

When we lie awake at night listening to mysterious sounds, we imagine all the things that could be making those strange noises. The rumbling is the sound of the refrigerator; the knocking is from the old furnace; the creaking is nothing more than the house settling...isn ' t it? Although the modern world has denied the existence of things that go bump in the night and has taught us that the occult couldn' t possibly exist, we know there are things that science has yet to explain. Defense Against the Dark introduces the reader to many of those unsavory magickal creatures and occult happenings that exist outside of fairytales. Our ancestors knew these threats were real, and took precautions to protect themselves from whatever evil was lurking in the shadows. Defense Against the Dark will teach you: Common lore and mythology of predatory entities such as goblins, vampires, imps, and ghosts How to identify malevolent spirits and understand how curses actually work How to master different protection methods, including shielding, banishing, and hex breaking Easy, concrete methods for protecting yourself in everyday situations

Looks at the difficulties pagans face in the military, offers an excerpt from the Wicca section of the U.S. Army Chaplain’s Handbook, and includes spells and ceremonies for such events as deployment, going into battle, returning home, and a pagan militaryfuneral.

A guide to taking a break from everyday life and creating a personal and rejuvenating magickal retreat. Includes plans for focusing on magickal skills, home arts, green magick, psychic arts, and more.

Once upon a time the practice of storytelling was about collecting interesting stories about the past, and converting them into soundbite pitches. Now it is more about foretelling the ways the future is approaching the present, prompting a re-storying of the past. Storytelling has progressed and is about a diversity of voices, not just one teller of one past; it is how a group or organization of people negotiates the telling of history and the telling of what future is arriving in the present. With the changes in storytelling practices and theory there is a growing need to look at new and different methodologies. Within this exciting new book, David M. Boje develops new ways to ask questions in interviews and make observations of practice that are about storytelling the future. This, after all, is where management practice concentrates its storytelling, while much of the theory and method work is all about how the past might recur in the future. Storytelling Organizational Practices takes the reader on a journey: from looking at narratives of past experience through looking at living stories of emergence in the present to looking at how the future is arriving in ways that prompts a re-storying of the past.

Revised and expanded, this comprehensive manual clearly interprets neo-Pagan religious beliefs and practices for non-Pagans, such as professionals in law enforcement, education, social services, and the media. Educating the general public by providing a strong introduction to these alternative spiritual traditions, this updated reference explains the festivals, symbols, tools, and history of Wicca, presents new chapters on the practices of Druidism and Asatru, and demonstrates how oppressive religious doctrine has maligned modern Pagans. Written in an accessible style, this overview is tailored for believers as well as skeptics, scholars, and the idly curious. A glossary of neo-Pagan terms and an extensive bibliography are also included.

Powerful and evocative, this postmodern Book of the Dead is for mystics, witches, goths, and anyone attracted to the beauty and mystery of death—a vital and transformational force that is integral to our daily lives. Become familiar with this intrinsic, yet denied, aspect of our lives as you contact your spirit companion, meditate on gravestone sculptures, create a necromantic medicine bag, and keep a personal book of the dead. Drawing on the wisdom of shamans, magicians, Tibetan Buddhists, and ancient Egyptians, Michelle Belanger illuminates death as a gateway to change and regeneration. On this life-affirming journey, you will visit the " Otherside, " reach out to spirits, and become a walker between worlds to experience healing and empowerment. " Walking the Twilight Path shows us that life is a wonderful experience that can only be fully appreciated once we accept our physical mortality. An excellent beginners guide. " —Leilah Wendell, author of The Necromantic Ritual Book

A concise and professionally-researched summary of Bruce Rosenblum & Fred Kuttner’s book: "Quantum Enigma". From Alden Marshall ’ s Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Quantum Enigma - Physics Encounters Consciousness by Bruce Rosenblum and Fred Kuttner is filled with scientific and theoretical discussions. This book addresses traditional ontology and quantum mechanics. And it also provides a good metaphysical understanding of modern physics for readers without much knowledge of quantum physics. The authors challenge the metaphysical interpretation of East and West in terms of modern physics and used clear and concise language to easily explain concepts and experiments. Rosenblum and Kuttner also add anecdotes about the personal lives of the important figures of history to add lightness to the reading. Added-value of this summary: * Save time * Understand the key concepts * Expand your knowledge Note to readers: This is an unofficial summary and analysis of the book and not the original book itself.
