This book offers a comprehensive and up-to-date account of management ideas and practices, focusing on the human relations side of construction management. Easily accessible and suitable for use within the classroom or in distance learning situations, it discusses a range of themes and trends covering evidence based management practices in the construction industry. A variety of learning elements will be included, such as case studies, projects, and review questions, fully supported by interactive web based material including multiple choice questions, exercises, annotated links to other relevant web sites and an online glossary to explain key terms. Each chapter will also contain annotated further reading, chapter summaries and outline summaries of relevant legislation within the construction industry.

Brooks offers readers a succinct, lively and robust introduction to the subject of organisational behaviour. While aiming to encourage and promote the critical examination of the theory of organisational behaviour, this book also seeks to enable students to interpret and deal with real organisational problems. This new edition has major changes to the text to embrace international contexts and the modern realities of OB. It has proved a popular student choice because it combines relative brevity with thorough coverage and plentiful real-world examples. Popular features for today's organisational behaviour course include: **#** More prominent organisational theory coverage. This key topic has been moved forward to provide students with an overview of the different ways OB can be looked at early on in the book. **‡** More coverage of modern communications technologies, cross cultural management, generational change and the gig economy. **‡** New and updated case studies and iManagerial Implications boxes help to broaden students' knowledge and understanding of OB in real organisations. **‡** Illustration in Film boxes illustrate key ideas through famous films such as 12 Angry Men and The Devil Wears Prada.

"Welcome to the eleventh edition of Organizational Behaviour: Understanding and Managing Life at Work! This edition marks the 33rd anniversary of the text, which has been rigorously updated over the years to present students with the latest knowledge and research on both the science and practice of organizational behaviour. First published in 1983, Organizational Behaviour is the longest-running, continuously published, and regularly revised organizational behaviour textbook authored in Canada."

This refreshing textbook shows how research into human behaviour can be applied in the workplace. It is focussed on helping students to develop the key skills they will need as future managers and employees. It assumes no prior work experience, and instead asks students to draw on their everyday experiences. They are invited to complete a range of innovative activities designed to deepen their understanding of key topics, such as personality, perception, and motivation. The book is an ideal length for one-semester taught courses. It is aimed primarily at first and second year undergraduate students on business and management degrees, who are taking OB modules for the first time, though could also be used on postgraduate and MBA courses.

Leading, Managing and Developing People is critical reading for all those studying the CIPD Level 7 Advanced module in Leading, Managing and Developing People as well as all HR and L&D practitioners. It provides extensive coverage of the aims, objectives and contribution of HRM such as the scope and nature of human resources, HR's role when organisations grow and how to ensure professionalism and ethical behaviour when managing people. This book also includes discussion of major contemporary themes in leading, managing and developing people including leadership development, flexibility, agile working and the psychological contract. This ensures that readers are fully prepared to lead, manage and develop staff in the new world of work. With rigorous academic underpinning and clear theoretical exploration, Leading, Managing and Developing People also includes practical advice on key activities including recruitment, job design, performance management, motivation and reward. Supported by online resources including an instructor's manual, lecture slides, international case studies, example essay questions and annotated web links, this is an indispensable guide for both students and practitioners.

The Fourth Edition of Leadership in Healthcare responds to the ever-growing importance of leadership to a healthcare professional's role today and includes updated content to reflect the new guidelines set out in the 2018 Nursing and Midwifery Council Standards. The need for leadership in an everyday context is highlighted throughout the book with reference to both theory and practice. There are case studies, practical examples, reflective questions and even anecdotes from the authors' own experience, showing students the potential and application of leadership. There are also activities that enable students to engage with every facet of leadership, as it connects to topics such as team-work, communication, problem-solving, emotional intelligence, critical self-reflection and quality of care. New to the Fourth Edition: A new chapter on Ethical, Legal and Professional Aspects in Leadership Content updates in-line with the 2018 NMC Standards, the new NMC code, and Revalidation. The book is supported by online resources for both students and lecturers, including videos, journal articles, web links, and multiple-choice questions.
