**12 of Mass effect 3's Most Shocking Renegade Moments**

Playing 100% Renegade is inefficient because while some actions yield a decent amount of War Assets, e.g. sabotaging the genophage cure while Wreav is in charge, other actions hinder you, e.g. accepting the help of the surrogate Rachni Queen or not having some squadmates and/or key personnel around to give you additional War Assets.

Tip 1. Don't be afraid to gain some Paragon points. Unlike in Mass Effect 2, your Paragon score doesn't affect your Renegade score and viceversa. This brings up Tip 2.
Tip 2. Focus on the total amount of renegade points you can get:
2.1. Not every lower option gives you Renegade points so sometimes it's wise not to pick those options.
2.2.

Omega's queenpin is a temporary ally for the whole expansion (up to the final battle, anyway). I personally don't approve of romanticizing criminals but this is what Aria is: a rather juvenile fantasy version of a crime boss. Mass Effect 3 is at its weakest when the world of the novels and comics imposes itself upon the world of the video game.

Maybe cheat on Kaidan in Mass Effect 1 with Garrus in Mass Effect 2, then stick with his romance in 3 and have him kill Kaidan at the Citadel Coup. To me I just can't see Liara being with a Renegade Shepard, not so sure about Traynor, but I could see Garrus with a Renegade FemShep.
