Prepare with confidence for the new format Key Stage 2 tests with Scholastic National Curriculum Tests. The National tests are changing in 2016, and Scholastic's new practice tests are fully in line with the new format Mathematics test for children in Year 6. Each pack comes with two complete practice tests with an accompanying Guidance and Mark Scheme booklet. These practice tests have a similar look and feel to the new Mathematics test, to help familiarise children with both the content and format of these tests. The tests can be used to track progress in school, but can also be used in the home. The Guidance and Mark Scheme provides advice for parents and carers on how to use the tests and how to support children in preparing for them. Scholastic National Curriculum Revision Year 6 is also available, offering children the opportunity to check their progress across the Mathematics curriculum and to develop the skills they need for these national tests.

When it comes to getting the best results, practice really does make perfect! Matched to the requirements of the National Curriculum, this math practice workbook targets every topic in Year 6 and contains practice opportunities to help improve performance in tests and assessments at Key Stage 2. Based on new research that proves repeated practice is more effective than repeated study, practice workbooks are guaranteed to help improve performance in tests and assessments. Included in this book are questions for every topic organized into three levels of increasing difficulty, progress tests throughout the book for ongoing assessment, a section where children can record their results and track their own progress, and a pull-out answer section.

This fully updated manual prepares sixth graders in New York State for the required statewide math test with: Two full-length practice tests with answers and explanations Strategies for solving math problems Topic reviews covering number systems, arithmetic operations, introductions to algebra, and geometry, measuring volume, area, and circumference, and an introduction to statistics

Arithmetic Workbook Year 6 Maths Challenge - Timed Tests Level: KS2 Subject: Maths Ages: 10-11 Would you much-needed maths practice book for arithmetic problems? This book is a good example, there is plenty of practice exercises. This book focuses on helping students practicing whole numbers, decimals and fractions. Your kid will be enthusiastic about doing these practice pages. You can use this book every day, it's like a family competition, there are many questions on one page. Your children will challenge themselves to do each page faster and not make any mistakes. Each test of this workbook has questions, a score, and a time box. If your children don't make any mistakes you can give them something as a reward. This workbook contains lots of math worksheets with 1800+ practice problems. Answers for all tests are at the end of the book. Included in this book: Written addition and subtraction, multiplying and dividing by 10, 100 and 1000, times tables, factors and multiples, ordering and comparing numbers, BOMDAS, long multiplication and division; Adding and subtracting decimals, multiplying and dividing with decimals; Comparing, ordering, simplifying, adding, subtracting, multiplying, and dividing fractions; Decimals, fractions, and percentages; Answers are included to help you to support children's learning at home.

This series is designed to help teachers prepare for the National Tests at the end of each year and leading up to the final test at the end of KS2. Mental Maths for ages 5-6 contains eight photocopiable mental maths tests, reflecting the look and feel of the real tests. Accompanying the books is an audio CD which contains all the eight tests timed to the exact specifications of the actual test with set times for pupils to answer the questions. All that the teacher needs to do is turn on the CD player! Answers to all the tests are provided too.

Keep on track with Scholastic Revision! Everything you need to make progress in Key Stage 2. Using worked examples and skills practice questions, you can build your child's confidence and knowledge ready for the Key Stage 2 National Curriculum Mathematics test. Completely in line with the new curriculum and the new format National tests in Year 6, these helpful guides recap key concepts and help children to revise key content from the new National Curriculum. Children can also check their progress with practice questions at the end of each chapter. Ideal for use at home or in the classroom, this Maths Revision Guide will help your child achieve to the best of their ability. A set of Scholastic National Curriculum Maths Tests for Year 6 is also available, offering children the opportunity to prepare with confidence for the new format National tests.

Help your pupils smash this year's SATs Prepare pupils for the KS2 mathematical reasoning paper with this easy-to-manage test practice book. Pupils can focus on the areas of the test they find tricky or need extra practice in. The SATs-style questions help improve test performance. * Improve test performance using short tests with self-assessment and answers * Keep pupils focused on each paper they will sit * Provide support in the areas pupils need most * Help identify gaps in understanding and track progress Also available in this series: Y6 Number and Place Value Y6 Calculations Y6 Fractions, Decimals and Percentages Y6 Ratio and Proportion

Help your children achieve their potential in the National Curriculum SATs tests. These new booster packs from Scholastic are ideal for use at home or at school in the run up to the KS2 SATs tests. Use the tests to help identify gaps in children's understanding and use this to develop a revision programme to help them boost their knowledge. Then use another test to check their progress. Each pack contains full test papers mirroring the real tests children have to take each May and a marks and guidance booklet helping to identify further areas of study and where extra practice is needed before taking the KS2 SATs test. There are 4 booster packs available as follows: * Reading - three complete tests * Grammar, Punctuation and Spelling - three complete tests * Maths - two complete tests * Science - two complete tests

New 2017 specification KS2 Year 6 Mathematics Test 1 Arithmetic, Test 2 and 3 Reasoning Mock Test Papers.
