by Rick · February 9, 2020. Following the release of the third edition of Timothy Hall's highly recommended book Max Power 2020: Check Point Firewall Performance Optimization my shell script s7pac (Super Seven Performance Assessment Commands) has been updated to version 0.4. The new edition of Timothy's book is mainly focused on R80.30. For this reason s7pac has been updated to include references to the third edition whenever you run the script on R80.30 gateways.
