~~New Car Deals | Discover Our Vehicle Range | Nissan UK~~

Nissan sought to make the Leaf appealing to mainstream drivers by giving it a familiar five-door hatchback design. The body has a sharp V-shape design with large, up slanting headlights that split and redirect airflow away from the door mirrors, and the bottom of the car has aerodynamic panelling. The battery, the heaviest part of most electric vehicles, is situated below the seats and rear ...

~~Nissan Leaf - Wikipedia~~

The Nissan Leaf has come out on top in analysis of electric vehicle durability, beating the BMW i3 and Tesla Model S. Data from warranty provider and Car Dealer Power winner, Warrantywise, showed just two Leafs had required repairs for all the active policies for the model, with one vehicle requiring a new mirror assembly and the other needing an electrical fault sorted.
