In my exploration of Greek and Roman Mythology with Dr. Peter Struck we continue with more plays. Aeschylus, Sophocles and Euripides make up the three great playwrights of ancient Athens. In this course we sample materials that survived from each of these poets. For Sophocles we read his play Oedipus. Oedipus is confident that he can escape the...

Oedipus Rex—An Introduction. Oedipus Rex, produced by Sophocles in the maturity of his powers, is his masterpiece. Aristotle also regarded this play as Sophocles ' s best and he frequently referred to it as the perfect type of tragic composition. Its greatness lies in the combination of a faultlessly-constructed plot with the profoundest insight into human motive and circumstance.

This website/blog is for my trimester 1 final review on the play " Oedipus Rex " by Sophocles. There are three pages on this site; Aristotle ' s three unities explains Aristotle ' s theory about what makes a perfect tragedy and how that concept coincides with Oedipus Rex. What Oedipus Rex tells us about the ancient Greeks is just that, what we can learn about ancient Greek culture through reading Oedipus Rex.

Oedipus Rex a Greek tragedy written by Sophocles in about 441B.C. It is a play that deals with issues that still have relevance today. The theme of freewill versus determinism is a strong component of this play. Would Oedipus have been able to prevent the prophecy if he had acted differently?

Oedipus Rex, the second play of The Oedipus Trilogies, is an Athenian tragedy written by Sophocles. In this story, Oedipus has become the king of Thebes while unwittingly fulfilling a prophecy that he would kill his father, Laius (the previous king), and marry his mother, Jocasta (whom Oedipus took as his queen after solving the riddle of the Sphinx).

**Background – Jocasta by Ruth F. Eisenberg**  
Diction, Thought and Character in Oedipus Rex. Oedipus Rex was thought to be written around 427 B.C., whereas Aristotle did not compose The Poetics until one hundred years later, circa 335 B.C. Because of the already outstanding notoriety Sophocles ' tragedy had among the scholar-gentry of Ancient Greece at that time, and a personal affinity on behalf of Aristotle, Sophocles ' Oedipus had a huge influence on The Poetics.

**Sophocles' play, first staged in the fifth century B.C., stands as a timely exploration of the conflict between those who affirm the individual's human rights and those who must protect the state's security. During the War of the Seven Against Thebes, Antigone, the daughter of Oedipus, learns that her brothers have killed each other, having been forced onto opposing sides of the battle. When Creon, king of Thebes, grants burial of one but not the "treacherous" other, Antigone defies his order, believing it her duty to bury all of her close kin. Enraged, Creon condemns her to death, and his soldiers wall her up in a tomb. While Creon eventually agrees to Antigone's release, it is too late: She takes her own life, initiating a tragic repetition of events in her family's history. In this outstanding new translation, commissioned by Ireland's renowned Abbey Theatre to commemorate its centenary, Seamus Heaney exposes the darkness and the humanity in Sophocles' masterpiece, and inks it with his own modern and masterly touch.**

**King Oedipus/Oedipus at Colonus/Antigone Three towering works of Greek tragedy depicting the inexorable downfall of a doomed royal dynasty The legends surrounding the house of Thebes inspired Sophocles to create this powerful trilogy about humanity's struggle against fate. King Oedipus is the devastating portrayal of a ruler who brings pestilence to Thebes for crimes he does not realize he has committed and then inflicts a brutal punishment upon himself. Oedipus at Colonus provides a fitting conclusion to the life of the aged and blinded king, while Antigone depicts the fall of the next generation, through the conflict between a young woman ruled by her conscience and a king too confident of his own authority. Translated with an Introduction by E. F. WATLING**

**This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.**

**Sophocles I contains the plays " Antigone, " translated by Elizabeth Wyckoff, " Oedipus the King, " translated by David Grene; and " Oedipus at Colonus, " translated by Robert Fitzgerald. Sixty years ago, the University of Chicago Press undertook a momentous project: a new translation of the Greek tragedies that would be the ultimate resource for teachers, students, and readers. They succeeded. Under the expert management of eminent classicists David Grene and Richmond Lattimore, those translations combined accuracy, poetic immediacy, and clarity of presentation to render the surviving masterpieces of Aeschylus, Sophocles, and Euripides in an English so lively and compelling that they remain the standard translations. Today, Chicago is taking pains to ensure that our Greek tragedies remain the leading English-language versions throughout the twenty-first century. In this highly anticipated third edition, Mark Griffith and Glenn W. Most have carefully updated the translations to bring them even closer to the ancient Greek while retaining the vibrancy for which our English versions are famous. This edition also includes brand-new translations of Euripides' " Medea, The Children of Heracles, Andromache, and Iphigenia among the Taurians, fragments of lost plays by Aeschylus, and the surviving portion of Sophocles ' s satyr-drama The Trackers. New introductions for each play offer essential information about its first production, plot, and reception in antiquity and beyond. In addition, each volume includes an introduction to the life and work of its tragedian, as well as notes addressing textual uncertainties and a glossary of names and places mentioned in the plays. In addition to the new content, the volumes have been reorganized both within and between volumes to reflect the most up-to-date scholarship on the order in which the plays were originally written. The result is a set of handsome paperbacks destined to introduce new generations of readers to these foundational works of Western drama, art, and life.**

**This anthology includes English translations of three plays of Sophocles' Oidipus Cycle: Antigone, King Oidipous, and Oidipous at Colonus. The trilogy includes an introductory essay on Sophocles life, ancient theatre, and the mythic and religious background of the plays. Each of these plays is available from Focus in a single play edition. Focus Classical Library provides close translations with notes and essays to provide access to understanding Greek culture.**

**Herbert Golder also served as General Editor. --Book Jacket.**

**Oedipus, King of Thebes, sends his brother-in-law, Creon, to ask advice of the oracle at Delphi, concerning a plague ravaging Thebes. Creon returns to report that the plague is the result of religious pollution, since the murderer of their former king, Laius, has never been caught. Oedipus vows to find the murderer and curses him for causing the plague.Oedipus summons the blind prophet Tiresias for help. When Tiresias arrives he claims to know the answers to Oedipus's questions, but refuses to speak, instead telling him to abandon his search. Oedipus is enraged by Tiresias' refusal, and verbally accuses him of complicity in Laius' murder. Outraged, Tiresias tells the king that Oedipus himself is the murderer ("You yourself are the criminal you seek"), Oedipus cannot see how this could be, and concludes that the prophet must have been paid off by Creon in an attempt to undermine him. The two argue vehemently, as Oedipus mocks Tiresias' lack of sight, and Tiresias in turn tells Oedipus that he himself is blind. Eventually Tiresias leaves, muttering darkly that when the murderer is discovered he shall be a native citizen of Thebes, brother and father to his own children, and son and husband to his own mother.**

**ANTIGONE PROJECT is a play in five parts by Tanya Barfield, Karen Hartman, Chiori Miyagawa, 2009 Pulitzer Prize winner Lynn Nottage, and Caridad Svich that reconsiders the story of Antigone from a variety of rich and radical perspectives. With a preface by dramatist Lisa Schlesinger and an introduction by classicist scholar Marianne McDonald, this is a unique addition to contemporary drama.**
