In the midst of Trump's attacks on the media, comes this look at the rigorous, independent reporting of the year's most underreported news stories. While the country's president displays a brazen disregard for the First Amendment and routinely demonizes the press as "the enemy of the people," *Censored 2020* looks beyond Donald Trump's dizzying contempt for the truth to clarify the corporate media's complicity in misinforming the American public--while also providing a clear vision of a better future, based on rigorous, trustworthy independent reporting that presents a fuller

picture of truth. With a discerning eye, Censored 2020 focuses the public's attention on the most important but underreported news stories of 2018-2019. These stories expose the corporate news media's systemic blind spots while highlighting the crucial role played by independent journalists in providing the kind of news necessary for informed, engaged citizens. The book also examines this year's lowlights in "junk food news" and "news abuse"--further revealing how corporate news often functions as propaganda--as well as highlights of exemplary organizations that champion "Media Democracy in Action." Additional chapters address the importance of constructive journalism, the untold story of Kashmir, news coverage of LGBTQ issues in the Trump era, "fake news" as a Trojan horse for censorship, and online memes as a form of political

At forty-five, Jane McArdle has experienced her share of life's twists and turns. Yet she's shaken by the sudden death of her estranged half sister and the news that she's now the guardian of her orphaned niece, Lucy. Still nurturing unresolved grief from a marriage bookended by loss, as well as her guilt over her adult son's imperfect upbringing, Jane is her own worst enemy, content to focus on her small Michigan farm. Now, confronted with a traumatized eleven-year-old, the prickly empty nester is thrust into motherhood again, unsure she'll do any better this time. City girl Lucy is bewildered by aloof Aunt Jane and a new life in rural Michigan. The debilitating phobia Lucy has developed since her parents' deaths keeps her stuck in this
