Quilling can even be used for toy making. Little kids will be thrilled with this paper top craft. All you have to do is make a round paper coil for the bottom of the top, and then build a wall of paper to form the base. Sara Rivka, from the blog the Creative Jewish Mom, says the tops will spin a surprisingly long time if they are made correctly.

By showcasing the bold and inventive use of color, composition and traditional symbols, this book is sure to bring a new level of depth and beauty to your work. With simple tools and materials easily found at most craft stores, you will be able to explore the boundaries of Western handicraft and traditional Chinese culture and your own creativity!

Quilling is an old craft though quite popular that uses the hand and mind to create appealing designs made of papers. Paper quilling is the art of cutting papers into various long strips, rolling and pinching the outcome into different shapes and sizes, then gluing together to form desired artworks. There is a compelling feeling of joy that enriches our heart when we get to try new things that even when we are unable to achieve desired results, we would have learned in the process. That is what quilling does, it offers you a learning opportunity as you wrap, twirl, coil, and fold papers into beautiful designs. Quilling is less talked about and underused. It used to be extremely popular in the 1970s and 1980s but in recent times has taken a new dimension. One fantastic characteristic of arts and craft is their ability to reinvent. Paper quilling can also be best described as filigree which has come back in a massive way. A lot of artisans are beginning to develop interest by taking it up and therefore creating intricate designs mainly from paper strips. A glance of what you stand to gain from this book: An introduction to quilling The history of quilling The importance of quilling paper
