Why do consumers pay a premium for a Dell or Hewlett-Packard laptop, when they could get a generic machine with similar features for a lower price? The answer lies in the power of branding. A brand is not just a logo. It is the image your company creates of itself, from your advertising look to your customer interaction style. It makes a promise for your business, and that promise becomes the sticking point for customer loyalty. And that loyalty and trust is why, so to speak, your laptops sell and your competitors don't. Whatever your business is, whether it's large or small, global or local, Branding For Dummies gives you the nuts and bolts know-how to create, improve, or maintain a brand. This plain-English guide will help you brand everything from products to services to individuals. It gives you step-by-step advice on assembling a top-notch branding team, positioning your brand, handling advertising and promotion, avoiding blunders, and keeping your brand viable, visible, and healthy. You'll get familiar with branding essentials like: Defining your company's identity Developing logos and taglines Launching your brand marketing plan Managing and protecting your brand Fixing a broken brand Making customers loyal brand champions Filled with easy-to-navigate icons, charts, figures, top ten lists, and humor, Branding For Dummies is the straight-up, jargon-free resource for making your brand stand out from the pack and for positioning your business to reap the ensuing rewards.

With contributions from leading brand experts around the world, this valuable resource delineates the case for brands (financial value, social value, etc.) and looks at what makes certain brands great. It covers best practices in branding and also looks at the future of brands in the age of globalization. Although the balance sheet may not even put a value on it, a company's brand or its portfolio of brands is its most valuable asset. For well-known companies it has been calculated that the brand can account for as much as 80 percent of their market value. This book argues that because of this and because of the power of not-for-profit brands like the Red Cross or Oxfam, all organisations should make the brand their central organising principle, guiding every decision and every action. As well as making the case for brands and examining the argument of the anti-globalisation movement that brands are bullies which do harm, this second edition of Brands and Branding provides an expert review of best practice in branding, covering everything from brand positioning to brand protection, visual and verbal identity and brand communications. Lastly, the third part of the book looks at trends in branding, branding in Asia, especially in China and India, brands in a digital world and the future for brands. Written by 19 experts in the field, Brands and Branding sets out to provide a better understanding of the role and importance of brands, as well as a wealth of insights into how one builds and sustains a successful brand.

CEO Branding advances our understanding of the importance and impact that CEOs have on companies. In recent years, there has been a growing body of interdisciplinary literature on this powerful aspect of branding, and Fetscherin has invited a leading panel of international scholars and practitioners to contribute original chapters in their area of expertise. The book introduces the concept of the CEO as a brand, and outlines the "4Ps" of this branding mix " the CEO (person), personality, prestige (reputation), and performance. It discusses the CEO branding process, and demonstrates the many ways in which this "human brand" affects the company in financial terms (such as performance, profit, and stock returns), as well as non-financial terms (reputation, trust, and firm strategy). The book also includes "lessons learned" and many examples that illustrate how companies can measure and manage the CEO brand. This comprehensive, authoritative volume will give students, researchers, marketing and communication managers, and CEOs themselves a thorough understanding of all aspects of the CEO brand. A must read for any CEO who is serious about developing, managing and measuring their own brand. For more information, visit www.ceobranding.org

Increasingly today, in every age group, consumers are committing to brands that show good citizenship--from fair employment practices, to social responsibility, to charitable giving. In fact, support of these generous and socially aware companies is so high that it is safe to say that good works and charitable giving are no longer optional for the company that aspires for financial success--they are necessary!Do Good documents the sea of change that has impacted the twenty-first-century marketplace more than even the most optimistic of business forecasters. Toms grew into a \$600 million company by giving away 35 million pair of shoes. Patagonia's profits have climbed year after year even as it funnels heavy investments into sustainability. From CVS's destocking cigarettes to Chipotle's ethical sourcing, customers have shown with their wallets the types of businesses they will support and that they will quickly call out negligence.Buyers today demand more than half-hearted pledges from companies who are clearly just trying to show less profits and decrease their taxes. By implementing the five-step model for the new rules of business laid out in Do Good--Trust, Enrichment, Responsibility, Community, and Contribution--companies can take the necessary steps to embed social consciousness into their DNA, in turn capturing both markets and hearts.

#1 Wall Street Journal Bestseller Instant New York Times Bestseller A game-changing approach to marketing, sales, and advertising. Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. He is the inventor of countless ideas that have made their way into mainstream business language, from Permission Marketing to Purple Cow to Tribes to The Dip. Now, for the first time, Godin offers the core of his marketing wisdom in one compact, accessible, timeless package. This is Marketing shows you how to do work you're proud of, whether you're a tech startup founder, a small business owner, or part of a large corporation. Great marketers don't use consumers to solve their company's problem; they use marketing to solve other people's problems. Their tactics rely on empathy, connection, and emotional labor instead of attention-stealing ads and spammy email funnels. No matter what your product or service, this book will help you reframe how it's presented to the world, in order to meaningfully connect with people who want it. Seth employs his signature blend of insight, observation, and memorable examples to teach you: * How to build trust and permission with your target market. * The art of positioning--deciding not only who it's for, but who it's not for. * Why the best way to achieve your goals is to help others become who they want to be. * Why the old approaches to advertising and branding no longer work. * The surprising role of tension in any decision to buy (or not). * How marketing is at its core about the stories we tell ourselves about our social status. You can do work that matters for people who care. This book shows you the way.

A guide to all kinds of addiction from a star who has struggled with heroin, alcohol, sex, fame, food and eBay, that will help addicts and their loved ones make the first steps into recovery "This manual for self-realization comes not from a mountain but from the mud...My qualification is not that I am better than you but I am worse."Russell Brand With a rare mix of honesty, humor, and compassion, comedian and movie star Russell Brand mines his own wild story and shares the advice and wisdom he has gained through his fourteen years of recovery. Brand speaks to those suffering along the full spectrum of addiction--from drugs, alcohol, caffeine, and sugar addictions to addictions to work, stress, bad relationships, digital media, and fame. Brand understands that addiction can take many shapes and sizes and how the process of staying clean, sane, and

unhooked is a daily activity. He believes that the question is not "Why are you addicted?" but "What pain is your addiction masking? Why are you running into the wrong job, the wrong life, the wrong person's arms?" Russell has been in all the twelve-step fellowships going, he's started his own men's group, he's a therapy regular and a practiced yogi—and while he's worked on this material as part of his comedy and previous bestsellers, he's never before shared the tools that really took him out of it, that keep him clean and clear. Here he provides not only a recovery plan, but an attempt to make sense of the ailing world.

Praise for 60-Minute Brand Strategist "A fresh take on the wisdom of putting brand strategy at the heart of corporate strategy. Brilliant insights for a fast-moving world." —Angela Ahrendts, CEO, Burberry "Idris Mootee paints a sharp, comprehensive, and finely articulated analysis of the potential of meaningful brands in the 21st century's cultural scenario and business landscape. The result is a smart manual that reminds you and your company how to build relevant, authentic, sustainable, and successful brands in an evolving society." —Mauro Porcini, Chief Design Officer, PepsiCo Inc. "Idris's book teaches us how to engage today's increasingly cynical consumers on a deeper emotional level to build real equity and leadership. He demonstrates how to break out of the box and connect business strategy to brand strategy, and how the right brand story never really ends!" —Blair Christie, SVP and CMO, Cisco Systems, Inc. "It's rare to find a book that's both inspiring and practical but Idris nailed it! He has crafted the ultimate guide to brand building in the connected world with visual clarity and thought-provoking strategy." —Eric Ryan, cofounder, Method Products, Inc. This book is about one thing only: branding. Period. In this economy ruled by ideas, the only sustainable form of leadership is brand leadership. 60-Minute Brand Strategist offers a fast-paced, field-tested view of how branding decisions happen in the context of business strategy, not just in marketing communications. With a combination of perspectives from business strategy, customer experience, and even anthropology, this new and updated edition outlines the challenges traditional branding faces in a hyper-connected world. This essential handbook of brand marketing offers an encyclopedia of do's and don'ts, including new case studies of how these concepts are being used by the world's most successful and valuable brands. 60-Minute Brand Strategist is your battle plan, filled with powerful branding tools and techniques to win your customers' hearts and defeat the competition.

Discover proven strategies for building powerful, world-class brands It's tempting to believe that brands like Apple, Nike, and Zappos achieved their iconic statuses because of serendipity, an unattainable magic formula, or even the genius of a single visionary leader. However, these companies all adopted specific approaches and principles that transformed their ordinary brands into industry leaders. In other words, great brands can be built—and Denise Lee Yohn knows exactly how to do it. Delivering a fresh perspective, Yohn's What Great Brands Do teaches an innovative brand-as-business strategy that enhances brand identity while boosting profit margins, improving company culture, and creating stronger stakeholder relationships. Drawing from twenty-five years of consulting work with such top brands as Frito-Lay, Sony, Nautica, and Burger King, Yohn explains key principles of her brand-as-business strategy. Reveals the seven key principles that the world's best brands consistently implement Presents case studies that explore the brand building successes and failures of companies of all sizes including IBM, Lululemon, Chipotle Mexican Grill, and other remarkable brands Provides tools and strategies that organizations can start using right away Filled with targeted guidance for CEOs, COOs, entrepreneurs, and other organization leaders, What Great Brands Do is an essential blueprint for launching any brand to meteoric heights.
