The same year sees the launch of the Vespa 50 Elestart too, featuring the same design as the 50 Special, but with an innovative technical solution: the electric start. From 1969 to 1973 one of the most famous Piaggio advertising campaign with the pay-off "Chi Vespa mangia le mele" accompanies the Vespa 50 Special's success.

Now a venerable icon of Italian style, the internationally known quintessential scooter - the Vespa - was once a two-wheeled revolution, offering mobility to everyone. Today it has come to symbolize scootering status, style, and freedom. As Vespa reaches its 60s without showing a wrinkle, this book celebrates its decades of incomparable spirit. In glowing images and words, the book shows Vespa in its many guises—as the two-wheeled vehicle of the post-war

economic boom; as the symbol of the forward-charging ideas of the 1960s; appearing in romantic films such as Roman Holiday; and promoted in delirious ads that claimed, "Whoever Vespas, eats apples." Decades of period ads and famous calendars are included, as well as technical and production information on every model ever built, including rare prototypes and variants. Each model is detailed in over 30 categories, from engine specs to production facts. Filled with stunning color photos and illustrations, the book is itself a stylish tribute to the iconic vehicle it celebrates. Author Giorgio Sarti knows Vespa, and this book is a thorough and thoroughly enchanting tribute to the scooter as it has sped through history, meaning something new to each generation, and in the process making its unique mode of personal transport synonymous with freedom. Officially licensed and includes a foreword from Piaggio Group President Roberto Colaninno.

Eighteen million Vespas have buzzed their way into the world since 1946. Stood end to end, they would form a line measuring 32,000

kilometres – 20,000 miles – in length. This is an almost inconceivable statistic, as with many things that transcend conventional measures and at some point achieve cult status. How did the little machine come so far? The answer is simple. The Vespa has always remained the Vespa, true to itself, and has what others lack: real character! This book tells the Vespa's story via over 470 photos, corrects many misconceptions and lets the reader become immersed in the culture of Vespa and la bella vita.

Vespa ist für Motorroller längst so eine Art Gattungsbegriff geworden wie Tempo für Papiertaschentücher. Die Vespa - in all ihren vielen Versionen - war und ist günstiges Transportmittel, war und ist ein flottes Zeitgeistmobil und hat schon früh Kultstatus erlangt. Seit 70 Jahren wird diese italienische Ikone nun schon gebaut, und Millionen hatten und haben ihre Freude an den agilen, schicken und sympathischen Rollern. Dieser Band zeigt alle Vespas aus sieben Jahrzehnten, vom Urtyp namens "Paperino" bis zu den aktuellen Sprint-, Primavera- und GTS-Modellen. Da dürfen natürlich die legendären Ape-Dreiräder nicht fehlen, und auch die Mofas und Mopeds wie die legendäre Ciao, die übrigen Piaggio-Roller wie der erste große namens Hexagon und der außergewöhnliche MP5 mit seinen beiden neigbaren Vorderrädern kommen zu Ehren.

La storia di Enrico Piaggio, il geniale industriale che nell'immediato dopoguerra credette nel progetto di un mezzo di trasporto dalla carrozzeria improbabile, adatto a essere guidato da tutti. Nacque così la Vespa, lo scooter più venduto e conosciuto al mondo, simbolo del dinamismo creativo italiano nella sua espressione più riuscita. Da allora la storia dell'azienda Piaggio ha mutato il suo corso ma oggi, dopo oltre settant'anni da quella storica intuizione, il marchio resta legato nell'immaginario collettivo di ciascuno di noi a uno stile di vita spensierato e ancora capace di guardare con speranza al futuro.
