Take on a magical journey through the world of healing flowers in this children's book by renowned artist Olaf Hajek. Olaf Hajek's fantastical and mesmerizing art is familiar to many adults. Now young readers can enjoy his work while learning about the fascinating health benefits of flowers they encounter every day. Hajek's paintings spring to life, populated by insects, birds, fruit, and fairytales that illustrate the drama of the natural world. Accompanying each painting are engaging texts that explore various cultural and medicinal aspects of the flowers as well as their importance to artists, writers, and healers. As they learn how iris roots were used to alleviate teething pain in babies and how poppy plants led to the invention of the salt shaker, kids will also get to know a garden's worth of blooms--from wild roses to carnations and peonies to marigolds. Kids will look at

flowers in a whole new light and will delight in this beautiful keepsake of botanical illustrations by a celebrated artist.

This fun story involves Bob the Sloth who had one big dream, to become a superhero of the forest. He needed the right partner to help his dream come true. His help will come from the most unlikely of places.

Okapi loves his striped legs until a naughty chimpanzee teases him for stealing "zebra pants". Suddenly his special stripes don't feel special. They feel terrible! OKAPI loves spending carefree days frolicking in the African Rainforest alongside his best friend AFRICAN GREY PARROT. One day, he meets a CHIMPANZEE who laughs at his striped legs and teases that he's stolen a zebra's pants. OKAPI has never met a ZEBRA and pretends he doesn't care, but the seed is planted, and he soon finds himself questioning the very stripes he used to love. What choice does he have but to set out in search of this strange zebra animal and see for himself if he has in fact accidentally taken its pants. On the surface, "Okapi Loves His Zebra Pants" is about an Okapi dealing with hurt feelings from being teased, but look deeper, and it's a story about resilience, self-acceptance, community, and finding joy in our similarities as well as our differences. Kids love the fact-filled spread at the end of the story where they can learn about okapis, chimpanzees and African grey parrots, ways to help endangered animals, and even how to draw them! Endangered & Misunderstood is an ongoing series of children's picture books that takes a different approach to the serious subject of lesser-known endangered animals, with an emphasis on laughter, adventure, and themes everyone can relate to. Buy and review "Okapi Loves His Zebra Pants" to help the endangered okapi. All proceeds go towards the protection and conservation of okapis.

"Thank You, Me" is an illustrated children's picture book about expressing gratitude for our bodies. Have you ever thanked your body for everything that it allows you to do? Follow along as "Thank you, Me" expresses thanks to our bodies, and say "thank you" to your eyes, nose, mouth, ears, hands, and feet. Say thanks to your brain and your lungs. And last but not least, say thanks to your heart--because that is the place where the best "thank you's" start. Go beyond the book and start your own gratitude journal! What are you thankful for, and why?

Take a rollicking ride in This Old Van, a joyful take on the classic song. As the colorful vintage vehicle rolls down the highway, it passes one train, two bulldozers, three tractors, right up to ten muddy jeeps. With some dodging, honking, and zig-zagging, this old van--and grandparents-- arrives JUST IN TIME! The irresistible rhyme will have kids singing out loud.

Join Dante the dolphin on his search for his dear friend, Orson the orca, as he seeks to solve his friend's strange and sudden disappearance! It is an unusual day for Dante the dolphin. This is because his good friend and usual playmate, Orson the orca, also known as the false killer whale is nowhere to be found! Thus begins his search for Orson the orca across the mighty ocean. First, he searches their regular haunts as well as the old shipwreck without any luck. Next, he asks all of his ocean friends--the piranhas, the crab, the starfish, the manta-ray, the pufferfish and some more ocean creatures. They all cooperated, with the exception of the surly shark. Where could Orson possibly have gone? Will Dante manage to find him on time for some play and friendly chit-chat before the day runs out? Cozy up with your kids at bedtime with the adventures of Dante the dolphin as he searches for his missing friend in the ocean. Filled with vivid, colorful and bold illustrations that are sure to appeal to your kids and rhyming, memorable prose, Looking for Orca by Shelly and Joseph Rollins is a storybook that belongs on the bookshelf of every family with young children. Scroll up and click the "add to cart" button to buy now to discover the fate of the two ocean friends!!

Little Readers, Big Thinkers: Teaching Close Reading in the Primary Grades Young learners are full of questions and wonderings, so much so that sometimes they need a guide for their curiosity. With Amy Stewart's manageable approach to close reading, you'll be able to harness the big thinking we know is inside their inquisitive minds. Stewart, a Chicago-based literacy coach and teacher, showcases ways that close reading can teach even the youngest students new ways to enjoy texts, think about them critically, and share that thinking with peers and adults. With its description of the pillars of close reading, multiple lesson sequences for grades K-2, and real-life classroom scenarios, Little Readers, Big Thinkers offers a trove of insights: What close reading is (and is not) How to encourage students to "read like detectives" Ways to weave close reading practices into your lessons How to cultivate real reading, organic thinking, and deep conversation Which books invite amazing learning and thinking experiences With Stewart as your guide, close reading will become your students' stepping stone to a lifelong love of reading.

A moth with a sixth sense. A wasp that hunts beetles nearly twice its size. The lives of fascinating creatures such as these were unknown until one man introduced them to the world. Meet Jean-Henri Fabre, one of the most important naturalists of all time. As a boy in the French countryside, Henri spent hours watching insects. He dreamed of observing them in a new way: in their own habitats. What he discovered in pursuing that dream was shocking; these small, seemingly insignificant creatures led secret lives--lives of great drama! With its lively, lyrical text and richly detailed illustrations, this intriguing picture-book biography introduces the man who would forever change the way we look at insects, bringing to life the fascinating world of
