For centuries,  
blindfold chess—the  
art of playing without  
sight of the board or

some of the greatest  
feats of human  
memory, progressing  
to the extent that the

Bent Larsen  
(1935-2010) was one  
of the greatest  
fighters chess has  
ever seen. In his rich  
career the great Dane  
defeated all World  
Champions from  
Botvinnik to Karpov.  
He was a Candidate  
for the World  
Championship four  
times and became

achievement. His successes were such that Bobby Fischer let him play first board in the legendary match Soviet Union vs. the World in 1970 in Belgrade. Bent Larsen also was a highly original chess writer and an extremely productive chess journalist. Not surprisingly the first
