In Political Tribes, Amy Chua diagnoses the cause of our current political discord: tribalism. In many parts of the world, the group identities that matter most - the ones that people will kill and die for - are ethnic, religious, sectarian or clan-based. Time and time again our blindness to tribalism has undermined our foreign policy.

The bestselling author of *Battle Hymn of the Tiger Mother*, Yale Law School Professor Amy Chua offers a bold new prescription for reversing our foreign policy failures and overcoming our destructive political tribalism at home. Humans are tribal. We need to belong to groups. In many parts of the world, the group identities that matter most — the ones that people will kill and die for — are ethnic, religious, sectarian, or clan-based. But because America tends to see the world in terms of nation-states engaged in great ideological battles — Capitalism vs. Communism, Democracy vs. Authoritarianism, the “Free World” vs. the “Axis of Evil” — we are often spectacularly blind to the power of tribal politics. Time and again this blindness has undermined American foreign policy. In the Vietnam War, viewing the conflict through Cold War blinders, we never saw that most of Vietnam’s “capitalists” were members of the hated Chinese minority. Every pro-free-market move we made helped turn the Vietnamese people against us. In Iraq, we were stunningly dismissive of the hatred between that country’s Sunnis and Shias. If we want to get our foreign policy right — so as to not be perpetually caught off guard and fighting unwinnable wars — the United States has to come to grips with political tribalism abroad. Just as Washington’s foreign policy establishment has been blind to the power of tribal politics outside the country, so too have American political elites been oblivious to the group identities that matter most to ordinary Americans — and that are tearing the United States apart. As the stunning rise of Donald Trump laid bare, identity politics have seized both the American left and right in an especially dangerous, racially inflected way. In America today, every group feels threatened: whites and blacks, Latinos and Asians, men and women, liberals and conservatives, and so on. There is a pervasive sense of collective persecution and discrimination. On the left, this has given rise to increasingly radical and exclusionary rhetoric of privilege and cultural appropriation. On the right, it has fueled a disturbing rise in xenophobia and white nationalism. In her characteristically persuasive style, Amy Chua argues that America must rediscover a national identity that transcends our political tribes. Enough false slogans of unity, which are just another form of divisiveness. It is time for a more difficult unity that acknowledges the reality of group differences and fights the deep inequities that divide us.

Vance, author of *Hillbilly Elegy* 'A page-turner and revelation, *Political Tribes* will change the way you think' Tim Wu, author of *The Attention Merchants* In *Political Tribes*, Amy Chua argues that we must rediscover an identity that transcends the tribalism we see in politics today. Enough false slogans of unity, which are just another form of divisiveness. When people are defined by their differences to each other, extremism becomes the common ground. It is time for a more difficult unity that acknowledges the reality of our group differences and fights the deep rifts that divide us.

Book Summary of *Political Tribes: Group Instinct and the Fate of Nations* *Political Tribes* by Amy Chua is an engaging insight into humanity's innate tribalism. Humans need to belong to groups and maintain fulfilling bonds with others. Tribalism is not only about inclusion in a group, it is also about exclusion to those outside of the group. Group identity in one's tribe is not based on the country they live in, it is actually "ethnic, regional, religious, sectarian, or clan based." The United States is as tribal as any other nation despite its melting pot of ethnicities and cultures. U.S. foreign policymakers over the decades have been totally blinded by its ideology, emphasis of capitalism and democracy, and derision of communism. Lessons were not learned and the same mistakes were made repeatedly in Vietnam, Iraq, and Afghanistan. Our foreign interventions turned swaths of the populations we were trying to help against us, empowering anti-American extremists in the process.

Summary of Amy Chua's *Political Tribes: group instinct and the fate of nations* Important note TO READERS this is a summary and analysis companion e book based on Amy Chua's *Political Tribes: group instinct and the fate of nations*. This isn't always supposed to supplement your original reading experience, but instead enhance it. We strongly encourage you to buy the original book. *Political Tribes* by Amy Chua is an interesting insight into humanity's innate tribalism. People want to belong to groups and keep fulfilling bonds with others. Tribalism isn't best about inclusion in a group; it is also about exclusion to those outside of the group. group identification in one's tribe is not based at the country they live in, it is really "ethnic, regional, religious, sectarian, or clan based." the USA is as tribal as any other country regardless of its melting pot of ethnicities and cultures. U.S. foreign policymakers over the decades were completely blinded by its ideology, emphasis of capitalism and democracy, and derision of com-monism. Instructions were no longer found out and the same mistakes were made repeatedly in Vietnam, Iraq, and Afghanistan. Our foreign interventions turned swaths of the populations we had been trying to help against us, empowering anti-American extremists in the system. The popularity of Donald Trump the politician can be attributed to group identity as America's elites entirely discarded the tribal factor of American politics and the "powerful anti-establishment identity forming within the working class that helped choose Donald Trump." Chua calls the U.S. "a tribe of tribes" and a "super-group," membership of that is open to all of us of any background. but, those people can keep their subgroup identity (ethnicity, religion, culture). The United States is now witnessing the beginnings of ethno nationalism in lots of respects, propelled by a significant backlash against the status quo, followed by a reciprocal backlash from the ones elites towards the hundreds, and "the transformation of democracy into an engine of zero-sum political tribalism." Chua offers wish within the Epilogue, describing an America that has a chance to show this division around if we view each other as fellow people and fellow Americans who normally need the identical issue for ourselves and our United States

Humans need to belong to groups and maintain fulfilling bonds with others. Tribalism is not only about inclusion in a group, it is also about exclusion to those outside of the group. Group identity in one's tribe is not based on the country they live in, it is actually "ethnic, regional, religious, sectarian, or clan based." The United States is as tribal as any other nation despite its melting pot of ethnicities and cultures. U.S. foreign policymakers over the decades have been totally blinded by its ideology, emphasis of capitalism and democracy, and derision of communism. Lessons were not learned and the same mistakes were made repeatedly in Vietnam, Iraq, and Afghanistan. Our foreign interventions turned swaths of the populations we were trying to help against us, empowering anti-American extremists in the process. The popularity of Donald Trump the politician can be attributed to group identity as America's elites entirely discarded the tribal aspect of American politics and the "powerful anti-establishment identity forming within the working class that helped elect Donald Trump." Chua calls the U.S. "a tribe of tribes" and a "super-group," membership of which is open to anyone of any background. However, these individuals can maintain their subgroup identity (ethnicity, religion, culture). America is now witnessing the beginnings of ethnonationalism in many respects, propelled by a significant backlash against the establishment, followed by a reciprocal backlash from those elites against the masses, and "the transformation of democracy into an engine of zero-sum political tribalism." Chua offers hope in the Epilogue, describing an America that has a chance to turn this division around if we view each other as fellow human beings and fellow Americans who mostly want the same thing for ourselves and our country. BUY YOUR COPY TODAY! Learn about the political tribes of our nation, and how they can affect YOU!

A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them, because I've done it... Amy Chua's daughters, Sophia and Louisa (Lulu) were polite, interesting and helpful, they had perfect school marks and exceptional musical abilities. The Chinese-parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? Battle Hymn of the Tiger Mother is a story about a mother, two daughters, and two dogs. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining and provocative, this is a unique and important book that will transform your perspective of parenting forever.

The reigning consensus holds that the combination of free markets and democracy would transform the third world and sweep away the ethnic hatred and religious zealotry associated with underdevelopment. In this revelatory investigation of the true impact of globalization, Yale Law School professor Amy Chua explains why many developing countries are in fact consumed by ethnic violence after adopting free market democracy. Chua shows how in non-Western countries around the globe, free markets have concentrated starkly disproportionate wealth in the hands of a resented ethnic minority. These "market-dominant minorities" – Chinese in Southeast Asia, Croatians in the former Yugoslavia, whites in Latin America and South Africa, Indians in East Africa, Lebanese in West Africa, Jews in post-

Read Free Political Tribes Group Instinct And The Fate Of Nations

communist Russia – become objects of violent hatred. At the same time, democracy empowers the impoverished majority, unleashing ethnic demagoguery, confiscation, and sometimes genocidal revenge. She also argues that the United States has become the world ' s most visible market-dominant minority, a fact that helps explain the rising tide of anti-Americanism around the world. Chua is a friend of globalization, but she urges us to find ways to spread its benefits and curb its most destructive aspects.

Political Tribes: Group Instinct and the Fate of Nations by Amy Chua: Conversation Starters "Political Tribes" is a book written by bestseller author Amy Chua. In it, she argues that Americans tend to always regard the world in terms of countries engaged in great ideological combats, for example Democracy vs. Authoritarianism or Capitalism vs. Communism. Chua defines this as a blindness that is responsible for undermining American foreign policy. She claims America must find a national identity that goes beyond political tribes. She says that slogans of unity are false and just another form of discord and calls for a different type of harmony, a more difficult one, that recognizes and fights the reality of tribe inequities and differences. "Political Tribes" enjoyed a great success; reaching Amazon's best sellers rank shortly after it was published. The Financial Times called it an important book that presents in a clear way how America's liberals contributed to Trump's election by failing to... A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to...
