Needles/Powers/Crosson delivers a new Three Section Approach that mirrors the way instructors have told us they teach and students best learn. Moving students through Concepts, then Accounting Applications, and finally Business Applications, students follow a logical progression through the material and building on what they know. The new Tri-Level Problem in CengageNOW supports this approach.

A UGC recommended textbook for various commerce graduate programmes like B.Com, BBA, BBM and BBS. Also useful for CA, CS, ICA, M.Com and MBA. The revised edition of Cost Accounting—Principles and Practice gives students a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been presented in a student-friendly, systematic and intelligible manner. Every discussion involving conceptual difficulties is immediately followed by a numerical example. A large number of charts and diagrams bring to light finer points of the subject and make it easily comprehensible. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Additional problems and solutions have been included in the Appendix to help students.

This book has been written specifically for the students of BCom (Hons) of the University of Delhi in accordance with its prescribed syllabus and that of School of Open Learning. Its basic features are the same as the mother book Cost Accounting—Principles and Practice, which is a UGC recommended text for the last many years. Thus, it gives a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Every discussion involving conceptual difficulties is immediately followed by a numerical example.
