quickly imitated, but has yet to be matched. The sixth edition features a strong revision of content in all twenty-two chapters. Dozens of new applications emphasize the real-world relevance of economics for today's students through interesting news articles, realistic case studies, and engaging problems. The premier ancillary package is the most extensive in the industry, using a team of instructors/preparers that have been with the project since the first edition. The text material is again fully integrated into Aplia, the best-selling online homework solution. I have tried to put myself in the position of someone seeing economics for the first time. My goal is to emphasize the material that students should and do find interesting about the study of the economy.-N. Gregory Mankiw. to reviewers who requested additional but unobtrusive mathematics support, we have supplemented four chapters with new appendices. We have also included more technical questions in the end-of-chapter assignments to offer content at a higher difficulty level and provided online math problems so students can practice and master their skills. Many In the News features have been added and numerous Case Studies and FYI features have been updated to reflect current world trends. Put quite simply, after listening to Canadian students and instructors across the country and by offering the most robust teaching and learning solution available, this is our best edition yet.
