Uncovered is an oral history of the stories behind the most ground-breaking and controversial magazine covers ever published, as told by the people who created them. Compiled by industry veteran Ian Birch, Uncovered gathers together the insights of the magazine world's most important figures, including high-profile editors, creative directors, photographers, artists and cover stars. Featuring compelling and shocking covers from Vogue, Life, Esquire, The New Yorker, i-D, The Face, Private Eye, Time, Rolling Stone and many more, covering issues as varied as the civil rights movement and Vietnam war to the Trump presidency and Brexit debate, this is a unique social document celebrating and chronicling the art of magazine design.

From the Gibson Girl to the flapper, from the vamp to the New Woman, Carolyn Kitch traces mass media images of women to their historical roots on magazine covers, unveiling the origins of gender stereotypes in early-twentieth-century American culture.

New York. 1953. A private investigator takes on a tail job, his quarry a newly-arrived visitor from the UK. The private eye has never heard of him, but he will. The mark is the Welsh poet, Dylan Thomas. And in three weeks' time, Mr Thomas will be dead. Reprint; first published in 2014.

Comprising all laws of a general and permanent nature under arrangement of official code of the laws of the United States, with annotations from federal and state courts.

A scholarly work examining the continuing evolution of the magazine—part of the popular Handbooks in Media and Communication series The Handbook of Magazine Studies is a wide-ranging study of the

ways in which the political economy of magazines has dramatically shifted in recent years—and continues to do so at a rapid pace. Essays from emerging and established scholars explore the cultural function of magazine media in light of significant changes in content delivery, format, and audience. This volume integrates academic examination with pragmatic discussion to explore contemporary organizational practices, content, and cultural impact. Offering original research and fresh insights, thirty-six chapters provide a truly global perspective on the conceptual and historical foundations of magazines, their organizational cultures and narrative strategies, and their influences on society, identities, and lifestyle. The text addresses topics such as the role of advocacy in shaping and changing magazine identities, magazines and advertising in the digital age, gender and sexuality in magazines, and global magazine markets. Useful to scholars and educators alike, this book: Discusses media theory, academic research, and real-world organizational dynamics Presents essays from both emerging and established scholars in disciplines such as art, geography, and women's studies Features in-depth case studies of magazines in international, national, and regional contexts Explores issues surrounding race, ethnicity, activism, and resistance Whether used as a reference, a supplementary text, or as a catalyst to spark new research, *The Handbook of Magazine Studies* is a valuable resource for students, educators, and scholars in fields of mass media, communication, and journalism.
