## Problem Of The

The Problems of the Month are organized below by grade level and main topic for that level. These grade-level expectations are just estimates and should not be used as an absolute minimum expectation or maximum limitation for students. The structure of a Problem of the Month is a shallow floor and a high ceiling, so

Hello, I have looked at  
multiple 12 month  
moving sum posts, but  
still havent been able to  
solve my problem. My

# Online Library Problem Of The

Month is that  
whenever I put in a 12  
month moving sum  
formula, I get just the  
same number for all  
dates as seen below (far  
right). The following  
picture also shows one  
of my 12 month moving  
sums that I tried.
