**Southeast Asia: An Introductory History—Wardah Books**---

Despite labeling itself an 'introduction', this history presumes existing knowledge of the classical civilizations of SE Asia. Still, it argues convincingly that SE Asia should be considered a cultural, political, and economic region in its own right, rather than an imitator of Chinese, Indian, and Western cultures.

History of Southeast Asia. The history of Southeast Asia covers the people of Southeast Asia from prehistory to the present in two distinct sub-regions: Mainland Southeast Asia (or Indochina) and Maritime Southeast Asia (or Insular Southeast Asia). Mainland Southeast Asia comprises Cambodia, Laos, Myanmar (or Burma), Peninsular Malaysia, Thailand and Vietnam whereas Maritime Southeast Asia comprises Brunei, Cocos (Keeling) Islands, Christmas Island, East Malaysia, East Timor, Indonesia, ...

**History of Southeast Asia—Wikipedia**

A distinctive feature of Southeast Asia is its cultural diversity. Of the six thousand languages spoken in the world today, an estimated thousand are found in Southeast Asia. Archeological evidence dates human habitation of Southeast Asia to around a million years ago, but migration into the region also has a long history.

A lively and easy-to-read guide to Southeast Asian history written by one of the world's pre-eminent historians of the area.

Documenting the enormous changes and dramatic growth recently experienced in the region, this text considers the classical background to modern south-east Asian history, as well as the changes that have taken place in the post-war years.

Written with rare mastery and a sure sense of the essential, this concise general history of modern East Asia offers students and general readers an understanding of this dynamic region from a global perspective. It is the ideal introductory text for college survey courses in Asian and international studies.Following an introductory discussion of the regional concept, the first two chapters lay the foundations. Chapter 1 describes East Asia's geographical, human, cultural, economic, social, and political setting as it has evolved over the past several millennia, and the three major belief systems - Confucianism, Buddhism, and Islam. Chapter 2 presents a panoramic view of the region ca. 1800. The chapter introduces the "dramatis personae" - the Chinese, Japanese, Koreans, Vietnamese, Thai, Burmese, Indonesians, Filipinos, and others - and describes their interactions with each other and with Imperial China.The following three chapters deal with European expansionism and East Asians' responses to the civilizational challenge: the stirrings of nationalism in reaction to European colonial rule; and the remarkable rise of Imperial Japan. Chapters 6 and 7 trace Japan's bid to lead a pan-Asianist revolt against the twin threats of Western liberalism and Soviet communism, and the ensuing Pacific War. Chapters 8 and 9 span the cold war era, from postwar U.S. hopes for a "Pax Americana" to the division of East Asia into communist and anti-communist blocs. The Sino-Soviet split and the Sino-American rapprochement of the early 1970s open the way to the "East Asian miracle" and a resurgence of East Asian regionalism, surveyed in Chapter 10. A concluding chapter considers the prospects for continued economic dynamism and the balance of nationalism and pan-Asian trends in shaping the future.

A new, comprehensive, one volume history of Southeast Asia that spans prehistory to the present. Ricklefs brings together colleagues at the National University of Singapore whose expertise covers the entire region, encompassing political, social, economic, religious and cultural history. Opening with an account of the ethnic groups and initial cultural and social structures of Southeast Asia, the book moves through the early 'classical' states, the arrival of new global religions and the impact of non-indigenous actors. The history of early modern states and their colonial successors is followed by analysis of World War II across the region. Offering a definitive account of decolonisation and early post-colonial nation-building, the text then transports us to modern-day Southeast Asia, exploring its place in a world recovering from the financial crisis. The distinguished author team provide an authoritative and accessible narrative, drawing upon the latest research and offering detailed guidance on further reading. A landmark contribution to the field, this is an essential text for scholars, students and anyone interested in Southeast Asia.

Explore the fascinating history of south-east Asia A Short History of South-East Asia, Sixth Edition is the latest in a series of updated texts spotlighting this fascinating region. With revised chapters for all of the countries in this geographic area, this interesting text paints a remarkable overview of the characters and events that have shaped this part of the world. Founded upon a deeply perceptive observation of the late founding Prime Minister of Singapore Lee Kuan Yew, this book brings shape to the idea that 'to understand the present and to anticipate the future, one must know enough of the past, enough to have a sense of the history of a people.' With an approachable writing style and comprehensive content, this unique text was written for business readers interested in improving their understanding of this important region. With globalization continuing to gain momentum, south-east Asia is emerging as an important business sector for many industries. Not only does this open up professional opportunities, it exposes individuals in other parts of the world to the unique histories and cultures of the area. If you are interested in learning more about the region, this abbreviated text is a wonderful resource. Explore historic and political developments that have taken place throughout south-east Asia Quickly navigate text organized by country, allowing you to dive into the events that have shaped Brunei, Cambodia, East Timor, Indonesia, Lao PDR, Malaysia, Myanmar, the Philippines, Singapore, Thailand, and Vietnam Gain an important global perspective, which can prove valuable on personal and professional levels Leverage your new understanding of the region's past to better understand its present and anticipate its future A Short History of South-East Asia, Sixth Edition is an abbreviated history of south-east Asia written with business readers in mind.

Written by one of the world's preeminent experts on Southeast Asia, this easy-to-read guidebook offers a lively chronicle of a tantalizing part of the world that has undergone dramatic changes during its long and colorful history.

The modern states of Indonesia, Vietnam, Thailand, the Philippines, Myanmar, Malaysia, Singapore, Cambodia, Laos, Brunei, and East Timor were once a tapestry of kingdoms, colonies, and smaller polities linked by sporadic trade and occasional war. By the end of the nineteenth century, however, the United States and several European powers had come to control almost the entire region - only to depart dramatically in the decades following World War II. perspective on this complex region. Although it does not neglect nation-building (the central theme of its popular and long-lived predecessor, In Search of Southeast Asia), the present work focuses on economic and social history, gender, and ecology. It describes the long-term impact of global forces on the region and traces the spread and interplay of capitalism, nationalism, and socialism. It acknowledges that modernization has produced substantial gains in such areas as life expectancy and education but has also spread dislocation and misery. Organizationally, the book shifts between thematic chapters that describe social, economic, and cultural change, and country chapters emphasizing developments within specific areas. will establish a new standard for the history of this dynamic and radically transformed region of the world.

A History of Southeast Asia: Critical Crossroads presents a comprehensive history of Southeast Asia from our earliest knowledge of its civilizations and religious patterns up to the present day. Incorporates environmental, social, economic, and gender issues to tell a multi-dimensional story of Southeast Asian history from earliest times to the present Argues that while the region remains a highly diverse mix of religions, ethnicities, and political systems, it demands more attention for how it manages such diversity while being receptive to new ideas and technologies Demonstrates how Southeast Asia can offer alternatives to state-centric models of history more broadly 2016 PROSE Award Honorable Mention for Textbook in the Humanities

This comprehensive history provides a fresh interpretation of Southeast Asia from 100 to 1500, when major social and economic developments foundational to modern societies took place on the mainland (Burma, Thailand, Cambodia, and Vietnam) and the island world (Indonesia, Malaysia, and the Philippines). Incorporating the latest archeological evidence and international scholarship, Kenneth R. Hall enlarges upon prior histories of early Southeast Asia that did not venture beyond 1400, extending the study of the region to the Portuguese seizure of Melaka in 1511. Written for a wide audience of non-specialists, the book will be essential reading for all those interested in Asian and world history.

Professor Shaffer tells the story of the fabled islands of Southeast Asia from 300 B.C., by which time their inhabitants had learned to sail the monsoon winds, to A.D. 1528, when Islam became dominant in the region. The story of Maritime Southeast Asia world during this period makes fascinating reading and is of immense significance in world history.
