One by one, you start asking her all the questions you've secretly wondered about-and discover that you have a lot in common. If you were to write those questions down, then you'd have *What's Up Down There?*, a life-changing little book that answers: - Do old ladies have saggy vaginas? - How do male gynecologists have a sex life without feeling like they're stuck at the office? - Is it normal for your inner labia to hang out of your outer labia? - Can the
