When a request to review Kaje Harper's new book, The Family We Make, came into the clubhouse I barged all the other Unicorns out of the way to get to it first. I may have felt a little guilty, but Kaje Harper is one of my all time favourite authors, so the chance to read and review this for the blog was a privilege.

An unexpected reunion offers an Alpha and Omega a second chance... Ten years ago, omega Alex Cary's fiancé broke his heart and left him with nothing. He's got a good career as a home chef, but he's lost his ability to trust. Alpha Sol Delaney loved Alex more than oxygen, but he was dependent on his father's money. When his father demanded he break things off with the foster kid from the Bronx, Sol had no choice. Ten years later, a freshly divorced Sol has returned to New York with his young son in tow. He wants Alex back, but it's not that easy: Sol's ex-husband and his mother in law are trying to drag Sol back, and there's no length to which they won't go. This intense 85,000-word omegaverse romance is overflowing with passion, drama, and of course, clothes-ripping sex. Hot and descriptive bedroom action makes this gay paranormal mpreg romance suitable for adults only!

USA Today Bestseller “ Fall in love with Jill Shalvis! She ' s my go-to read for humor and heart. ” — Susan Mallery, New York Times bestselling author Beloved New York Times bestselling author Jill Shalvis begins a new series—Sunrise Cove—set near beautiful Lake Tahoe, with a heartwarming story of found family and love. During the snowstorm of the century Levi Cutler is stranded on a ski lift with a beautiful stranger named Jane. After strong winds hurl the gondola in front of them into the ground, Levi calls his parents to prepare them for the worst...but can ' t bring himself to say goodbye. Instead, wanting to fulfill his mother ' s lifelong wish, he impulsively tells her he ' s happily settled and Jane is his girlfriend—right before his phone dies. But Levi and Jane do not. Now Levi ' s family is desperate to meet “ The One. ” Though Jane agrees to be his pretend girlfriend for just one dinner, she ' s nervous. After a traumatic childhood, Jane isn ' t sure she knows how to be around a tight-knit family that cherishes one another. She ' s terrified, and a little jealous. But an unexpected series of events and a host of new friends soon show Jane that perhaps this is the life she was always meant to have. As Jane and Levi spend more time together, pretend feelings quickly turn into real ones. Now all Jane has to do is admit to herself she can ' t live without the man she ' s fallen in love with and the family she has always dreamed of.

Spencer Kent gave up on love a long time ago. As a twenty-eight-year-old single father with a fourteen-year-old son, Connor, he knows his appeal to the average gay man is limited, and when you factor in his low self-esteem and tendencies towards rudeness and sarcasm, it might as well be nonexistent. But that's okay. A man is the last thing Spencer needs or wants. Tim Ellis's life is falling apart around him. After four years of hard work at college, he finds himself blacklisted from the career of his dreams by the professor he refused to sleep with and abandoned by the boyfriend he thought he was going to marry. Even though he was lucky enough to land a job at a bakery, he still feels like a failure. Tim and Spencer's first meeting is filled with turbulent misunderstanding, but Tim makes a connection with Connor through a Big Brother/Big Sister program, and both men put aside their mutual dislike for his sake. By letting go, they may help each other find their way into a life they never could have imagined.

Ideal for any occasion, this fun, inclusive, and exuberant board book celebrates the one thing that makes every family a family: love. Full color.

Many feel bombarded by images and experiences of broken families. This is not how God intended families to be! So often we examine the traits of unhealthy families, but Gary Chapman paints a biblical portrait of what a loving, stable family looks like. This book is not just to be read, but experienced. Chapman details five timeless characteristics that create a healthy family environment: A heart for service Husbands and wives who relate intimately Parents who guide their children Children who obey and honor parents Husbands who love and lead In Dr. Chapman's own words, "What happens to your family does make a difference not only to you and your children, but to the thousands of young observers who are in search of a functional family."

Geared to readers from preschool to age eight, *What Makes a Baby* is a book for every kind of family and every kind of kid. It is a twenty-first century children's picture book about conception, gestation, and birth, which reflects the reality of our modern time by being inclusive of all kinds of kids, adults, and families, regardless of how many people were involved, their orientation, gender and other identity, or family composition. Just as important, the story doesn't gender people or body parts, so most parents and families will find that it leaves room for them to educate their child without having to erase their own experience. Written by a certified sexuality educator, Cory Silverberg, and illustrated by award-winning Canadian artist Fiona Smyth, *What Makes a Baby* is as fun to look at as it is useful to read.

NOAH I came to the Hellion Club to solve a murder, not to become some banker's boy toy. All my life, my omega status has been a pain my ass. Shaping what other people assume about me. Determining who I date, or who'll date me. My own biology trying to tell me to slow down and have babies. Well screw that. Only I get to decide how I live my life, and I decided a long time ago I was going to be the best damn detective this city had ever seen. And yet here I am anyway, pregnant in the middle of a murder investigation. The highest profile investigation of my career. The thing that could shoot me to the top. Instead I'm busy fending off my would-be alpha, the oh so posh and traditional Sebastian Banks, Hellfire Club elite. If he had his way, I'd spend the rest of my life either in bed or the kitchen. If my body had its way, it would happily let him. It's everything I've spent my whole life resisting. Now more than ever, I have to focus on what really matters to me. But I can't help but wonder...is it really just simple biology that keeps pulling me back towards this man? Or is it something more? SEBASTIAN I've always lived my life according to certain expectations, and in return life has met mine. An omega cop who loudly asserts his independence at every opportunity falls nowhere within the boundaries of the expected. And yet Noah Wells manages to be all the more irresistible for it. I don't understand it. Or him. I don't know why he resists me or the attraction between us. More riddles to unravel, but I can be patient. I can be anything he wants or needs me to be, if he'll just give me the chance to show him. Funny, I thought I was supposed to be the alpha between us. Maybe there's more to his modern ideas than I would have thought. Not that he needs to know that, of course... Murder, mystery and mpreg abound in this 50,000 word tale of opposites attracting. The sparks between these two can be explosive, so please be eighteen years or older when following them into the bedroom!

Lizzie O'Malley is back with a purpose in life. Still flighty and unpredictable, she knows that loving and losing Teagan Gallagher has changed her life forever. As she navigates her new life in Boston as a full time working mother, she promises herself she will never fall in love again. But can she keep that promise after meeting Nick Sawyer, the gorgeous Texan who has fallen for her? Follow Lizzie to Ireland where she struggles with tragedy and rediscovers herself all over again.

What's in a name, an ancient name like Innes? Ten years ago, Andrew Innes set out to trace its history, asking the age-old questions, "Who am I? And where do I come from?" Sleuthing his branch of the family back as far as possible, he discovered surprising, sometimes tangled truths. From Scotland, his engaging story moves to England and Wales, then to his father's discovery of bauxite in Jamaica, and ultimately to Canada, recounting a family's social progress over two centuries. Of special interest to Innes cousins near and far is the tantalizing tale of the Stow Succession. In the nineteenth century several branches of the Innes clan believed they had a rightful claim to the vast fortune of Jane Innes of Stow. The author's family was among them. Andrew Innes here gathers together more information on this subject than any other author he is aware of, and offers it to those who still nurture this belief. This Second Edition includes important new DNA evidence supporting the family's descent from Berowald of Halton via the Inneses of Benwall and Ardtannes. It provides a useful example of how DNA analysis in combination with well documented genealogies can bridge gaps in a family's line of descent.

This book is for you and for us. Beautiful, imperfect us. Family is family is family. Always.
