The Grail Quest is a historical fiction novel series written by Bernard Cornwell dealing with a 14th-century search for the Holy Grail, around the time of the Hundred Years' War. The stories follow the adventures of the fictional Thomas of Hookton as he leaves Dorset after the murder of his father and joins the English Army under Edward III as an archer.

Grail Quest The first book of the series is Harlequin , unless you live in the United States where the book, to my considerable annoyance, was retitled as The Archer's Tale . Which is not a particularly bad title, but I hate it when publishers do that.

Review: . Heretic is the third book in Bernard Cornwell's much-acclaimed Grail Quest series, a series that many were initially cautious about because it represented something of a change of pace for the master historical novelist. But Cornwell quickly demonstrated that this period of history was well within his remit, and the sequence has proved to be among his most mesmerising work.
