Understanding a people and their culture through code words and language. Today, South Korea is an economic, technological and entertainment superpower. How, as a country, did they rebound from war, poverty and political unrest? And how can that success be replicated in other cultures? The answers can, in fact, be found by understanding Korean customs, values and beliefs. Author Boye Lafayette De Mente identifies the unique qualities that comprise the Korean identity and articulates their modern expressions of Korean culture and history in this book. Organized alphabetically by topic, De Mente explains the critical cultural code words that make Korea the country it is today. Anyone interested in Korean etiquette, whether for travel or work, will discover that their meanings extend far beyond superficial English translations to deeper interpretations. Cultural code words include: Aboji, Ah-boh-jeo □ The "Father Culture" Anae, Ah-negh □ Wives: The Inside People Han Yak, Hahn Yahk □ The Herbal Way to Health Innae, Een-nay □ A Culture of Enduring Katun Sosuy Pap, Kaht-unh Soh-suut Pahp □ Eating from the Same Rice Bowl And over 200 more□ This in-depth discussion covers the concepts and principles that are integral to the Korean way of life and provides all the Korean history and insight necessary for those readers eager to learn the secrets of this resilient and burgeoning, yet little-understood nation.

The Chinese: understanding a people and their culture through key words and language. The Chinese Mind pinpoints areas of China's traditional values and behaviors that play a significant role in the business and social relationships of the Chinese. It also identifies key areas of Chinese culture that have changed as a result of the adoption of a market-based economy and other elements of Western culture. It includes discussion topics and questions, along with an extensive selection of Chinese "code words" that explain the essence and role of key elements of the traditional culture that have survived into modern times. Covering everything from the importance of Confucius, the great Chinese philosopher, to the influence of foreign fast food and video games, this book provides a wide-ranging glimpse into the seemingly opaque Chinese mind. The Chinese Mind is an excellent overview of Chinese tradition, history, and culture that is perfect for the classroom, tourists or outsiders living or doing business in China. Some of the vital concepts explored here include: Yin and Yang, the search for balance in all things Mianji, the importance of face Hong, looking at things holistically De, the power of virtue Guo cui, the national essence of the Chinese Zhong fu, the pursuit of insight Bi, unity the Chinese way

In The Japanese Mind, Roger Davies offers Westerners an invaluable key to the unique aspects of Japanese culture. Readers of this book will gain a clear understanding of what makes the Japanese, and their society, tick. Among the topics explored: aimai (ambiguity), amae (dependence upon others' benevolence), amakudari (the nation's descent from heaven), chinmoku (silence in communication), gambari (perseverance), giri (social obligation), haragei (literally, "belly art"; implicit, unspoken communication), kenkyo (the appearance of modesty), sempai-kohai (seniority), wabi-sabi (simplicity and elegance), and zoto (gift giving), as well as discussions of child-rearing, personal space, and the roles of women in Japanese society. It includes discussion topics and questions after each chapter. All in all, this book is an easy-to-use introduction to the distinguishing characteristics of Japanese society; an invaluable resource for anyone—business people, travelers, or students—perfect for course adoption, but also for anyone interested in Japanese culture. Next in this series: Now available separately, Japanese Culture: The Religious and Philosophical Foundations is a fascinating journey through Japan's rich cultural history.

"On the origin of Mind' is a detailed description of how the mind works. It explains the dynamics from the neuronal level upwards to the scale of group behaviour, society and culture."--Publisher's website.

A collection of essays that provide insight into Japanese culture. This book is a great buy for anyone interested in Japan.

Available for the first time in English, the ten short stories by modern Korean women collected here touch in one way or another on issues related to gender and kinship politics. All of the protagonists are women who face personal crises or defining moments in their lives as gender-marked beings in a Confucian, patriarchal Korean society. Their personal dreams and values have been compromised by gender expectations or their own illusions about female existence. They are compelled to ask themselves "Who am I?" "Where am I going?" "What are my choices?" Each story bears colorful and compelling testimony to the life of the heroine. Some of the stories celebrate the central character's breakaway from the patriarchal order; others expose sexual inequality and highlight the struggle for personal autonomy and dignity. Still others reveal the abrupt awakening to mid-life crises and the seasoned wisdom that comes with accepting the limits of old age. The stories are arranged in chronological order, from the earliest work by Korea's first modern woman writer in 1917 to stories that appeared in 1995—approximately one from each decade. Most of the writers presented are recognized literary figures, but some are lesser-known voices. The introduction presents a historical overview of traditions of modern Korean women's fiction, situating the selected writers and their stories in the larger context of Korean literature. Each story is accompanied by a biographical note on the author and a brief critical analysis. A selected bibliography is provided for further reading and research. Questioning Minds marks a departure from existing translations of Korean literature in terms of its objectives, content, and format. As such it will contribute to the growth of Korean studies, increasing the availability of material for teaching Korean literature in English, and stimulate readership of its writers beyond the confines of the peninsula.

Hairnangans. Friendship. Big Dreams. The previously scheduled life Maya Hatton planned has been interrupted for an emergency broadcast announcement. A news station manager threatens to destroy over twenty years of brand and image building with a new contract from hell. Her husband Roddrecus moved into the rental property and refuses to move home without explanation. Instead of finding confidence, fun, and freedom as she enters her mid-fifties she's faced with crises. Fans believed she had it all together but her dream team lost a member, a villain hijacked her fairy tale marriage and now she needs to remember how to be the Maya everyone thinks she is or lose the best thing she ever had. Natural Sistahs series is written by an African

American author whose chosen her natural hair since 1998. While one of many indie published black authors she considers her books appropriate for the women's fiction category though most would be shelved in the black fiction, black books, African American women's fiction, or black women's fiction section in most physical bookstores.

Justin had made a mistake. A big, life-changing mistake. He already failed June once. He wasn't there when she needed him, and because of him, their lives will never be the same. June is everything to Justin, and he must be everything to her. He must protect June at all costs. Justin is prepared spend the rest of his life keeping her from getting hurt again. But it seems they are always falling behind, barely keeping one step ahead of the nightmares. There is always one more hazard, just around the corner. -A heartbreaking and intense story of the journey of two children to find themselves and happiness. -Is it possible to rise above your circumstances when you already have two strikes against you? That is the question facing June and Justin, children thrust into circumstances that would defeat many adults. Can they ever hope to live happy, normal lives? Keywords: Young adult books, Between the Cracks series, teen books, juvenile delinquent, parole, drugs, choices, depression, anxiety, addiction, gangs, violence, mental health literature, mental illness, middle school, high school, foster care, homelessness, suicide, in the margins, marginalized, diverse, poverty, streets, custody, friendship, substance abuse, incest, sexual abuse, murder

How did a really unhip country suddenly become cool? How could a nation that once banned miniskirts, long hair on men and rock 'n' roll come to mass produce pop music and a K-pop star that would break the world record for the most YouTube hits? Who would have predicted that a South Korean company that used to sell fish and fruit (Samsung) would one day give Apple a run for its money? And just how does South Korea plan to use pop culture to beat America at its own game. Welcome to South Korea: The Brand. In The Birth of Korean Cooljournalist Eunyoung Hong uncovers the roots of the 'Korean Wave': a fanaticism for South Korean pop culture that has enabled them to make the rest of the world a captive market for their products by first becoming the world's number one pop culture manufacturer. South Korea's economic development has been nothing short of staggering - leapfrogging from third-world to first-world in just a few years and continuing to grow at a rapid and unprecedented rate - and for the first time The Birth of Korean Coolwill give readers exclusive insight into the inner workings of this extraordinary country; it's past, present and future.

South Korea's amazing rise from the ashes: the inside story of an economic, political, and cultural phenomenon Long overshadowed by Japan and China, South Korea is a small country that happens to be one of the great national success stories of the postwar period. From a failed state with no democratic tradition, ruined and partitioned by war, and sapped by a half-century of colonial rule, South Korea transformed itself in just fifty years into an economic powerhouse and a democracy that serves as a model for other countries. With no natural resources and a tradition of authoritarian rule, Korea managed to accomplish a second Asian miracle. Daniel Tudor is a journalist who has lived in and written about Korea for almost a decade. In Korea: The Impossible Country, Tudor examines Korea's cultural foundations; the Korean character; the public sphere in politics, business, and the workplace as well as the family, dating, and marriage. In doing so, he touches on topics as diverse as shamanism, clan-ism, the dilemma posed by North Korea, the myths about doing business in Korea, the Koreans' renowned hard-partying ethos, and why the infatuation with learning English is now causing massive social problems. South Korea has undergone two miracles at once: economic development and complete democratization. The question now is, will it become as some see Japan, a prosperous yet aging society, devoid of energy and momentum? Or will the dynamism of Korean society and its willingness to change—as well as the opportunity it has now to welcome outsiders into its fold—enable it to experience a third miracle that will propel it into the ranks of the world's leading nations regarding human culture, democracy, and wealth? More than just one journalist's account, Korea: The Impossible Country also draws on interviews with many of the people who made South Korea what it is today. These include: Choi Min-sik, the star of "Old Boy." Park Won-soon, Mayor of Seoul. Soyeon Yi, Korea's first astronaut Hong Myung-bo, legendary captain of Korea's 2002 FIFA World Cup team. Shin Joong-hyun, the 'Godfather of Korean Rock.' Ko Un, poet. Hong Seok-cheon, restaurateur, and the first Korean celebrity to 'come out.' And many more, including a former advisor to President Park Chung-hee; a Shaman priestess ('mudang'); the boss of Korea's largest matchmaking agency; a 'room salon' hostess; an architect; as well as chefs, musicians, academics, entrepreneurs, homemakers, and chaebol conglomerate employees.
