The trick with this formula is supplying zero for the day. When you supply zero as the day argument to DATE, the date function will "roll back" one day to the last day of the previous month. So, by adding 1 to the month, and using zero for day, DATE returns the last day of the "original" month.

A NEW YORK TIMES NOTABLE BOOK • The fates of a cast of seemingly unconnected people converge during the celebration of an ancient holiday in “a darkly glittering novel” (The New York Times) that brings to mind Station Eleven and The Age of Miracles. “A beautifully written, thought-provoking book about life at the end.”—Refinery29 In Domenica Ruta’s profoundly original novel, the end of the world comes once a year. Every May 28, humanity gathers to anticipate the planet’s demise—and to celebrate as if the day is truly its last. On this holiday, three intersecting sets of characters embark on a possibly last-chance quest for redemption. In Boston, bookish wunderkind Sarah is looking for love and maybe a cosmic reversal from the much older Kurt, a tattoo artist she met at last year’s Last Day BBQ—but he’s still trying to make amends to the family he destroyed long ago. Dysfunctional Karen keeps getting into trouble, especially when the voices she’s been hearing coax her to abandon everything to search for her long-lost adoptive brother; her friend Rosette has left the Jehovah’s Witnesses to follow a new pastor at the Last Kingdom on Earth, where she brings Karen on this fateful day. Meanwhile, above them all, three astronauts on the International Space Station, Bear, an American; Russian Svec; and billionaire Japanese space tourist Yui, contemplate their lives as well as their precious Earth from afar. With sparkling wit, verbal ingenuity, and wild imagination, Ruta has created an alternate world in which an ancient holiday brings into stark reflection our deepest dreams, desires, hopes, and fears. In this tour-de-

force debut novel she has written a dazzling, haunting love letter to humanity and to our planet. Praise for Last Day “In Ruta’s fiction debut, each May 28 people around the world gather to celebrate what could be the end of the world. The author chooses seven quite different characters, tied together in various ways (romantically, for one pair; orbiting Earth on a space station for three others). Her focus on individual needs and choices as disaster potentially looms gives her story emotional heft.”—The Washington Post “Domenica Ruta’s empathy is broad and deep, her prose fine-grained, her humor sharp but tender. Last Day is a life-affirming antidote to these pre-apocalyptic times.”—Teddy Wayne, author of *Loner*

The Last Day of a Condemned Man (1829) is a short novel by Victor Hugo. Having witnessed several executions by guillotine as a young man, Hugo devoted himself in his art and political life to opposing the death penalty in France. Praised by Dostoevsky as “absolutely the most real and truthful of everything that Hugo wrote,” The Last Day of a Condemned Man is a powerful story from an author who defined nineteenth century French literature. If you knew when and where you would die, how would you spend your final moments? For Hugo’s unnamed narrator, such an existential question is made reality. Sentenced to death for an unspecified crime, he reflects on his life as its last seconds wane in the shadows of a cramped prison cell. Recording his emotional state, observations, and conversations with a priest and fellow prisoner, the condemned man forces us to not only recognize his humanity, but question our own. With a beautifully designed cover and professionally typeset manuscript, this edition of Victor Hugo’s The Last Day of a Condemned Man is a classic work of French literature reimagined for modern readers.

Years ago, Beth Lathrop and her sister Kate suffered what they thought would be the worst tragedy of their lives the night both the famous painting Moonlight and their mother were taken. The detective assigned to the case, Conor Reid, swore to protect the sisters from then on.

As she prepares for her graduation ceremony, a first grader-to-be remembers her enjoyable year in kindergarten.

The Hardy Boys meets The Phantom Tollbooth, in the new century! When two adventurous cousins accidentally extend the last day of summer by freezing time, they find the secrets hidden between the unmoving seconds, minutes, and hours are not the endless fun they expected.

Fans of First Day Jitters will love spending the last day of school in Mrs. Hartwell classroom. What do teachers do for summer vacation? Mrs. Hartwell's students worry that their teacher will miss them while they are gone for the summer. The class comes up with a way to make sure Mrs. Hartwell won't be too sad. But Mrs. Hartwell and the other teachers have some plans of their own. Once again Julie Danneberg and Judy Love bring to life the crazy antics of Mrs. Hartwell and her class and show that teachers and students are more alike than we sometimes think.

The Lisbon Earthquake of 1755 was no run-of-the-mill misfortune-it was a watershed moment that shook the pillars of an inveterate social order and sent reverberations throughout the Western world. Earth, water, wind, and fire all conspired to produce a hellish catastrophe that lasted for a full five days and left Lisbon thoroughly annihilated. Nicholas Shrady's unique account of this first modern disaster and its aftereffects successfully articulates the outcome of the earthquake-the eighteenth-century equivalent of a mass media frenzy giving rise to a host of other fascinating developments, such as disaster preparedness, landmark social reform, urban planning, and the birth of seismology.
