What ' s different about Revelation Road? NP: The main difference is that this is a journey. It ' s not a commentary on Revelation, it ' s an exploration of the landscape — literally, in fact, because it ' s partly a travel book. I went on a journey through the seven cities and then on to Patmos. It ' s also a journey through history.

A date with fire chief and widower Dominic Naess represents hope in a sea of pain and money problems. Wrong, big-time wrong. Sure, he shouldn't have done the twirling cartwheels with Dominic. Turning around to find Dominic gone sucked. Hiring Sam brought wonderful support. Maybe he could have love and crawl out of his massive debt. Dominic screwed up by ditching Brady. Marrying and having a family to attain his life goals smacked him in the face after the ecstasy of being with Brady. Somehow, he had to regain Brady's trust. Meeting Sam became a bonus and a chance at a dream triad relationship. Undercover agent Sam Mallard is investigating a possible drug trafficking operation at the local bakery. Debt equals desperate measures in his book. Falling for Brady and Dominic weren't part of the plan. Revelations almost kill. Adoration becomes the hero in this tale of deceit, suspense, and love. Is there a book of the Bible more often discussed and yet less understood than the Book of Revelation? The "seven seals." The "dragon." The "beast." The "sea of glass." The fantastic imagery found in the Book of Revelation has long captivated Christians but remains mysterious to many. In the midst of so much discussion about the end times, what does Revelation teach us about living in the present moment, with our eyes focused on the heavenly Jerusalem? Michael Barber's Coming Soon explores these questions by taking a detailed look at Revelation and its rich tapestry of prophecy, history, and biblical allusion. Barber explores the profound link between the Mass celebrated here on earth and the eternal reality of heaven, demonstrating that the Apocalypse reveals truth that has practical implications for today and points to a firm hope in tomorrow. Coming Soon is a verse-by-verse commentary on the Book of Revelation using the Revised Standard Version: Catholic Edition of the Bible. Barber provides a Catholic interpretation, which sees the liturgical background of this book of Scripture—a perspective missing in many Protestant commentaries.

How John Wrote the Book of Revelation is the first of its kind, and introduces genetic literary reconstruction to Biblical studies. It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parable. This provides the reader, for the first time, with the experience of observing how a Biblical book was written, and does this from an intimate perspective, as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning, and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the pages of this book is the all-encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation, along with hundreds of charts and illustrations. How John Wrote the Book of Revelation is like no other book that has been written before, and sets a new paradigm for all Biblical works.

"I have a sense that the times themselves, apart from more or less deliberately created crises, render strong things fragile, and fragile things mortally endangered. The times themselves are a permanent crisis." So writes Daniel Berrigan in this journal of reflections and musings from the late 1970s. First published in 1981, this book traces Berrigan's work after his release from Danbury Prison in 1972 for his part in the Catonsville Nine antiwar demonstration—from his experiences in Palestine, Northern Ireland, and France (where he lived with Thich Nhat Hanh), to his experiences as a teacher in Manitoba and Berkeley. Throughout, Berrigan ponders the commands of Christ, the struggle to be faithful to these commands, and why so few take them seriously. With wit and wisdom, Berrigan shares his faith journey and encourages us to stay faithful to that journey, to be peacemakers for the long haul.

Vivid, succinct, and highly accessible, Heinrich Winkler's magisterial history of modern Germany, offers the history of a nation and its people through two turbulent centuries. It is the story of a country that, while always culturally identified with the West, long resisted the political trajectories of its neighbours. This second and final volume begins at the point of the collapse of the first German democracy, and ends with the joining of East and West Germany in the reunification of 1990. Winkler offers a brilliant synthesis of complex events and illuminates them with fresh insights. He analyses the decisions that shaped the country's triumphs and catastrophes, interweaving high politics with telling vignettes about the German people and their own self-perception. The two volumes of Germany: The Long Road West, exploring the history of the German lands from the final days of the Holy Roman Empire to the very first of a reunified state in the late twentieth century, will be welcomed by scholars, students, and anyone wishing to understand a most complex and contradictory past.

If you're reading this, we're still alive. The end of the world has not occurred. But it can't be long now, can it? For two thousand years, the Book of Revelation has inspired countless conspiracy theorists, film-makers, writers and artists, as well as theologians and teachers. But why are we so bothered? After all, the end of the world still hasn't turned up, and it's been quite a while now. When Nick Page wanted to get to the bottom of what this mysterious book is really all about, he realised there was only one way to go about it: he had to go to the land of apocalypse. Travelling to Patmos via the ruined cities of the seven churches of Revelation, determined to seek out a revelation of his own, Nick explores the culture behind Revelation, who wrote it, why they wrote it, and what it means for us today. Mixing history, commentary, creative reconstruction and sun-crazed travelogue, here at last is the (perhaps not quite) final word on heaven, hell, the four horsemen of the apocalypse - and why the end of the world never does turn up when it's supposed to.

Stephen King is no stranger to the realm of literary criticism, but his most fantastic, far-reaching work has aroused little academic scrutiny. This study of King ' s epic Dark Tower series encompasses the career of one of the world ' s best-selling authors and frames him as more than a " horror writer. " Four categories of analysis—genre, art, evil, and intertextuality—provide a focused look at the center of King ' s fictional universe. This book reaches beyond popular culture treatments of the series and examines it against King ' s horror work, audience expectations, and the larger literary landscape.

Nicole awoke to her own screams, shrieking at the very top of her lungs. Her voice was distant to her, as though she was in a cave. Her throat burned with each wail, from days of the same. The dream awakened her at the same time every morning. She lay in a puddle of sweat, the perspiration and tears soaking her eyelashes. Her heart beat without any rhythm, just hurriedly. It was like someone striking a key of a typewriter over and over as quickly as possible until the chime would ring, announcing the margin had been reached. Her whole body ached as though it had been running a race that it was not conditioned for. It would only be a moment before her aunt would burst through the doors to make sure she was okay. She began taking deep breaths to calm herself and wiped her face furiously. She looked around the strange room that was to become her own and felt like a flower that had sprung up in a desert. She was writing in a foreign land, dying in a place where she was not supposed to be, where she could not breathe.
