The Making of Americans: Being a History of a Family's Progress is a modernist novel by Gertrude Stein. The novel traces the genealogy, history, and psychological development of members of the fictional Hersland and Dehning families. Stein also includes frequent metafictional meditations on the process of writing the text that periodically overtake the main narrative.

The Making of Americans: Being a History of a Family's ...

The Making of Americans, novel by Gertrude Stein, completed in 1911 and considered to be one of Stein's major works. The novel was not published in book form until 1925 because of its lengthiness and experimental style. The Making of Americans lacks plot, dialogue, and action. Subtitled Being a History of a Family's Progress, the work is ostensibly a history of three generations of Stein's forebears, the Dehning and Hersland families.

Family's Progress was published, though the author had finished it many years earlier. It was quite a task to find a publisher for it, and so it languished until the inscrutable author had her first major commercial success with *The Autobiography of Alice B. Toklas* — a memoir that Gertrude Stein (1874 – 1946) not ...

The Making of Americans

The Making of Americans is more of an experiment than a novel. Gertrude Stein attempts to psychoanalyze all of her characters by not just explaining their parent's personalities, but also their grandparent's personalities. It's an interesting approach, but combined with Stein's repetitious style of writing, it becomes extremely tedious.

The Making Of Americans: Being A History Of A Family's ...

Tender Buttons, Gertrude Stein's collection of experimental still-life word portraits split into the categories of objects, food, and rooms, and which—excluding a vanity publication in 1909, which she paid for herself—was the first of Stein's work to be published in the United States. Stein had hoped that this enigmatic little book would be her big break, the thing to convince the American people of her genius.

The Paris Review - Blog Archive The Making of an American

The Dehning and Hersland families' American history begins with their immigrant grandparents' separate journeys to America. Both families settle in Bridgepoint. Years later, the two families come...

The Making of Americans Summary - eNotes.com

It is a shame that so much of Gertrude Stein's work is dismissed because of its unconventionality. Though sometimes difficult to read, Stein's writing has a lyrical quality about it unparalleled by the work of other writers. *The Making of Americans* is probably one of her best, and well worth the effort it might take to read it.

The Making of Americans by Gertrude Stein; William H. Gass A readable copy. All pages are intact, and the cover is intact. Pages can include considerable notes-in pen or highlighter-but the notes cannot obscure the text. At ThriftBooks, our motto is: Read More, Spend Less.

For Gertrude Stein, *The Making of Americans* was always her masterpiece. A novel of unparalleled scope and encyclopedic ambition, it is a family history that at once becomes an expose of the possibilities of modern art, language, and psychology. George Moore's study is the first to examine, in its entirety, the novel and its role in the development of Stein's aesthetic. Through a comprehensive analysis of her use of repetition, her theories of art and human character, and her changing relationship to writing itself, Moore argues convincingly for the psychological basis of Stein's theory of language, and the centrality of *The Making of Americans* to the development of Stein's modernism.

Selected by the Modern Library as one of the 100 best nonfiction books of all time 'I always

wanted to be historical,' Gertrude Stein once quipped. In 1932, Stein began writing the 'autobiography' of her longtime friend and companion, Alice B. Toklas. The book, an immediate bestseller, guaranteed them both a place in history. An account of their life together in Paris before, during, and after World War I, it is full of the atmosphere of the changing life of the city and of idiosyncratic glimpses of such figures as Matisse, Picasso, Braque, Cocteau, Apollinaire, Pound, Eliot, Hemingway, and other luminaries and aspirants who were their close friends. But at the center of the narrative there is always the titanic figure of Gertrude Stein, the self-proclaimed 'first-class genius' who some dismissed as the 'Mother Goose of Montparnasse,' presiding over her celebrated residence-salon-art gallery at 27, rue de Fleurus. William Troy remarked about her: 'It is not flippant to say that if she had not come to exist . . . it would be necessary to invent Miss Gertrude Stein.'

Back in 1936, Thornton Wilder had warned Gertrude Stein to get her unpublished manuscripts into the safekeeping of the Yale Library because of the danger of another world war's breaking out on French soil. Charmed by the notion that all her work was to be safely harbor-ed for later publication and study, Gertrude packed several cases of manuscripts, letters and miscellany and sent them off. The packing was done with characteristic Steinian abandon: neatly piled manuscripts were dumped into crates, and correspond-ence, carefully alphabetized and filed at the end of each year by Gertrude's amanuensis, Alice Toklas, was pulled out in drawerfuls and overturned into the crates. Finally, all the scraps of paper that Gertrude never threw away, budget lists, garage attendants' instructions about the Fords she owned during the 10's and 20's ("regardez le carburator"), forgotten old dentist's bills, were tossed in, too. Alice re-monstrated about their inclusion, but Gertrude used every hoarder's excuse: "You can never tell whether some laundry list might not be the most important thing." Two packages in brown wrapping paper at the bottom of the armoire, lying among chunks of manuscript of her novel, *The Making of Americans*, fell into the crates along with all the other papers...

First published in 1936, *The Geographical History of America* compiles prose pieces, dialogues, philosophical meditations, and playlets by one of the century's most influential writers. In this work, Stein sets forth her view of the human mind: what it is, how it works, and how it is different from - and more interesting than - human nature.

Excerpts from her essays, novels, plays, poems, lectures and interviews, showing the author's deep feeling for the American idiom.

In *The Making of Americans*, Gertrude Stein sets out to tell "a history of a family's progress,"

File Type PDF The Making Of Americans Gertrude Stein

radically reworking the traditional family saga novel to encompass her vision of personality and psychological relationships. As the history progresses over three generations, Stein also meditates on her own writing, on the making of *The Making of Americans*, and on America.

The first of Gertrude Stein's publications, this accessible 1909 volume was an experiental work for its time and established the author's reputation as a master of language and a voice for women. In three separate tales, Stein invests the lives of three working class women with extraordinary insights into race, sex, gender, and other feminist issues.
