The mid Tudors : Edward VI and Mary, 1547-1558 ...

The Mid Tudor Crisis (1547 – 1558) was a period spanning the reigns of Edward VI and Mary I. It saw the reign of two very different monarchs. Edward VI (1547 – 1553) was a devout Protestant and a child. His reign witnessed the implementation of much more radical Protestant religious settlement.

Mid Tudor Crisis Home – Bourne Historians

Edward VI (12 October 1537 – 6 July 1553) was the King of England and Ireland from 28 January 1547 until his death. He was crowned on 20 February at the age of nine. Edward was the son of Henry VIII and Jane Seymour, and England's first monarch to be raised as a Protestant.

Edward VI of England - Wikipedia

"The mid-Tudor crisis" is a term often used by historians to describe the reigns of Edward VI (1547-1553) and Mary I (1553-1558). This period can be seen as a crisis, due to the fact that there were so many problems financially, socially, religiously and constitutionally, which led to rebellions, and placed the country in a very unstable position.

TO WHAT EXTENT WAS THERE A “ MID TUDOR CRISIS ” DURING THE ...

MID-TUDOR CRISIS. This is the traditional view of historians that, during Edward ' s and Mary ' s reigns, English government and society were on the verge of collapse. This was the result of weak rulers, economic pressure, rebellions, and religious upheaval. Although there was no collapse, this was an unproductive period of government.

100+ Best The Mid-Tudors: Edward VI and Mary I images in ...

Edward VI health began to deteriorate in . According to the Succession Acts and Henry ' s will the throne was to pass to Edward ' s half-sister, Mary. Unfortunately, the new Lord Protector (who actually refused the title of the Lord Protector) the Duke of Northumberland was not happy with this as this would greatly reduce his power.

Covering the period from 1547 to 1558, The Mid Tudors explores the reigns of Edward VI and Mary. Stephen J. Lee examines all the key issues debated by historians, including the question as to whether there was a mid-Tudor crisis. Using a wide variety of sources and historiography, Lee also looks at the Reformation and the Counter Reformation, as well as discussing government and foreign policy. The book starts with a chapter on Henry VIII to establish the overall perspective over the following two reigns – thereby providing a basis to examine their positive as well as negative features. Including both a chronology and glossary of key terms, this essential A Level book provides a vital resource for all students of this fascinating period of British history.

On the death of Henry VIII, the crown passed to his nine-year-old son, Edward. However, real power went to the Protector, Edward's uncle, the Duke of Somerset. The court had been a hotbed of intrigue since the last days of Henry VIII. Without an adult monarch, the stakes were even higher. The first challenger was the duke's own brother: he seduced Henry VIII's former queen, Katherine Parr; having married her, he pursued Princess Elizabeth and later was accused of trying to kidnap the boy king at gunpoint. He was beheaded. Somerset ultimately met the same fate, after a coup d'etat organized by the Duke of Warwick. Chris Skidmore reveals how the countrywide rebellions of 1549 were orchestrated by the plotters at court and were all connected to the (literally) burning issue of religion: Henry VIII had left

England in religious limbo. Court intrigue, deceit and treason very nearly plunged the country into civil war. Edward was a precocious child, as his letters in French and Latin demonstrate. He kept a secret diary, written partly in Greek, which few of his courtiers could read. In 1551, at the age of 14, he took part in his first jousting tournament, an essential demonstration of physical prowess in a very physical age. Within a year it is his signature we find at the bottom of the Council minutes, yet in early 1553 he contracted a chest infection and later died, rumours circulating that he might have been poisoned. Mary, Edward's eldest sister, and devoted Catholic, was proclaimed Queen. This is more than just a story of bloodthirsty power struggles, but how the Church moved so far along Protestant lines that Mary would be unable to turn the clock back. It is also the story of a boy born to absolute power, whose own writings and letters offer a compelling picture of a life full of promise, but tragically cut short.

Paying particular attention to historians' views of Edward VI and Mary's reigns, as well as the role of Protectors Northumberland and Somerset, this text examines changing interpretations of the religious and political changes during the period.

The new editions of Access to History combine all the strengths of this well-loved series with a new design and features that allow all students access to the content and study skills needed. The Third Edition of this popular title has been revised to reflect the needs of the current specifications. The book analyses the idea that there was a crisis in mid-Tudor England through a detailed examination of the domestic, foreign and religious policies of period as well as the economic issues of the time. Throughout the book key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam style questions and tips for each examination board provide the opportunity to develop exam skills.

Collection of 8 essays on aspects of Tudor government between 1540-1560.

Throughout Edward's short reign the young ruler kept a journal, a detailed diary recounting events in his kingdom. It is a fascinating record of Tudor England through the eyes of its monarch. The diary narrates all the momentous events in the young king's life but also observes the wider world, noting down news from England and keeping a watchful eye on Ireland, Scotland and mainland Europe.

Edward VI came to the throne aged nine and died only six years later, yet those six years were crucial in completing Henry VIII's break with Rome. Despite the influence of his ambitious uncle and Lord Protector - the Duke of Somerset - the young king soon proved adept at manipulating his image, developed his own theological agenda and openly confronted his Catholic half-sister Mary. His key religious innovations, most notably Cranmer's two different versions of the Book of Common Prayer, were taken up by Queen Elizabeth as foundation stones for her Reformation church settlement, the basis of later Anglicanism. Edward's reign has often been treated as a minor interlude in the great dramas of the Tudor era; this book restores it to its true complexity and significance.

Edward VI was the son of Henry VIII and his second wife, Jane Seymour. He ruled for only six years (1547-1553) and died at the age of sixteen. But these were years of fundamental importance in the history of the English state, and in particular of the English church. This new biography reveals for the first time that, despite his youth, Edward had a significant personal impact. Jennifer Loach draws a fresh portrait of the boy king as a highly precocious, well educated, intellectually confident, and remarkably decisive youth, with clear views on the future of the English church. Loach also offers a new understanding of Edward 's health, arguing that the cause of his death was a severe infection of the

lungs rather than tuberculosis, the commonly accepted diagnosis. The author views Edward not as a sickly child but as a healthy and vigorous boy, devoted to hunting and tournaments like any young aristocrat of the day. This book tells the story of the monarch and of his time. It supplies the dramatic context in which the short reign of Edward VI was played out—the momentous religious changes, factional fights, and popular risings. And it offers vivid details on Edward's increasing absorption in politics, his consciousness of his role as supreme head of the English church, his determination to lay the foundation for a Protestant regime, and how his failure in this ambition brought England to the brink of civil war.

This pioneering Handbook offers a comprehensive consideration of the dynamic relationship between English literature and religion in the early modern period. The sixteenth and seventeenth centuries were the most turbulent times in the history of the British church - and, perhaps as a result, produced some of the greatest devotional poetry, sermons, polemics, and epics of literature in English. The early-modern interaction of rhetoric and faith is addressed in thirty-nine chapters of original research, divided into five sections. The first analyses the changes within the church from the Reformation to the establishment of the Church of England, the phenomenon of puritanism and the rise of non-conformity. The second section discusses ten genres in which faith was explored, including poetry, prophecy, drama, sermons, satire, and autobiographical writings. The middle section focuses on selected individual authors, among them Thomas More, Christopher Marlowe, John Donne, Lucy Hutchinson, and John Milton. Since authors never write in isolation, the fourth section examines a range of communities in which writers interpreted their faith: lay and religious households, sectarian groups including the Quakers, clusters of religious exiles, Jewish and Islamic communities, and those who settled in the new world. Finally, the fifth section considers some key topics and debates in early modern religious literature, ranging from ideas of authority and the relationship of body and soul, to death, judgment, and eternity. The Handbook is framed by a succinct introduction, a chronology of religious and literary landmarks, a guide for new researchers in this field, and a full bibliography of primary and secondary texts relating to early modern English literature and religion.
