The Moon Stealers and the Quest for the Silver Bough is fast paced and features a lot of action. There are a fair number of deaths with some descriptions that are just detailed enough to elicit an 'ew' from most readers, but not quite gruesome enough to bring on nightmares. If it was a movie its mild slime factor would earn a PG rating.

[Amazon.com: The Moon Stealers and The Quest for the Silver ...](#)

The Moon Stealers The Everlasting Night lacks the epic battles of the second book. It's more of a mystery thriller that requires more thought from its readers. That said there are still plenty of harrowing situations, not all of which favor the lead characters. If it was a movie these scenes would earn a PG rating.

Several people stabbed and 33 arrested as 'Stop the Steal' protesters and counterprotesters clash in Washington, DC. By Lauren Koenig, CNN. Updated 6:13 PM ET, Sun December 13, 2020 .

This is the same book as the other Queen of the Underworld, but with different cover art. The science fiction adventure series continues into a fantasy land After finding the magical Silver Bough in the first Moon Stealer book, the portal to the underworld opens enabling Sir Edgar and the children; Max, Joe and Scarlet to jump through. They find themselves in a world at war and quickly become involved in an uprising against the Faerie Queen. Their quest to find Peter Crisp continues, but the threat of the alien bacteria back home looms over them. Sir Edgar's attempt at gaining the Faerie Queens help in ridding the Moon Stealers from Earth looks like it may be a fruitless task. In such an uncharted land it's difficult knowing who is friend and who is foe. Danger lurks in the most innocent of places. The Moon Stealers and the Quest for the Silver Bough - Book 1 is available on Amazon on Kindle and in Paperback "The Moon Stealers is a little fun, a little scary and a lot adventure. The science fiction adventure theme of book one changes in book two to become more fantasy based with Elves, Unicorns, Centaurs and many others forming a cast of thousands as the underworld is taken to war. This is a classic tale of good against evil and championing of the under dog. Once again, this book will appeal to teenagers and middle grade students as well as adults. The excitement and pace of book one will have left you wanting more, and the second book will not disappoint. The adventure continues as soon as you turn page one and doesn't give you time to breath until you put it down and beg for book three! What the reviewers have to say about The Moon Stealers series "A definite must read with its imaginative monsters, realistic main characters, science knowledge, mystery and a unique style which keeps you reading." - Amazon Reviewer. "It was really well written and had such rich detail that made the book shine and come to life ... an amazing jigsaw that slowly comes together." - Best Books. "One of the best books I have read on the subject so far! I think it will be a big hit with boys. Great start to this series." - Addicted To Books. "This is a very entertaining book that anyone can enjoy. I can't wait for the next one." - All My Book Finds. A personal note from the author The idea for the Moon Stealers arrived, quite innocently one morning when myself and my son, James were getting ready in the bathroom. He asked me to tell him a story so I randomly said, 'Have you heard the one about the Moon Stealers?' and the seed of imagination started. Only a wild and exciting story would be good enough for him so during our time in the bathroom, we threw loads of ideas at each other and concocted an early form of the story. Later, as I started to write, I found that the ideas seemed to organically grow by themselves. James went through every chapter with his pencil telling me where I had made errors. Writing a book for teenagers and young people provides a writer a lot more freedom for ideas and possibilities than an adult one. Children are much more likely to accept things that an adult's methodical and scientific brain would be closed to. With children there is no 'that's not possible,' or 'he wouldn't do that,' or 'because of the erratic nature of ion's it would not be physically possible for teleportation to occur when it rains.' In short, to a child anything is possible. And, as a writer, that's exciting. Writing The Moon Stealers has taken me on a journey back to my childhood and the stories of fantasy and imagination I read in books and comics. I hope you enjoy reading this book as much as I did writing it.

THE NUMBER ONE SCI-FI / DYSTOPIAN SERIES FOR TEENS "If The Hunger Games and Veronica Roth's Divergent Series have left you eager for more, The Moon Stealers is the next big Urban Fantasy series..." Only a wild and exciting story would be good enough for my son, so during our time in the bathroom we threw loads of ideas at each other and concocted an early form of the story. Later, as I started to write it down so that he could draw some pictures to go with it, I found the ideas grew organically and two years later, the four book series was complete.

THE NUMBER ONE SCI-FI / DYSTOPIAN SERIES FOR TEENS "If The Hunger Games and Veronica Roth's Divergent Series have left you eager for more, The Moon Stealers is the next big Urban Fantasy series..." An alien bacteria has landed on the planet, frozen within the core of a meteorite. But it has developed and grown. Now the Moon Stealers are relentlessly hunting humans and removing them from the top of the food chain. In such adversity, the survivors adapt and find ways to live. Sir Edgar and the children jump through the portal from the Underworld with an unexpected follower. Their task, as explained by Lady Flora, the mother of nature, is to reawaken the magic that flows within each plant and animal so that the Earth can fight back. Meanwhile, Steven, Georgia, and Tracker head towards the Isle of Wight, intent on rescuing a young girl called Annie, and prevent Coldred from creating a community of slaves. Later, as I started to write it down so that he could draw some pictures to go with it, I found the ideas grew organically and two years later, the four book series was complete.

This is the same book as the other Quest for the Silver Bough, but with different cover art. The Yorkshire town of Parsley Bottom has a problem... Peter Crisp, a boy with an unusual gift of being able to see things that others cannot, goes missing after spending the night in a graveyard. Two of Peter's school friends, join forces with a Knight of King Arthur to attempt to find him but come across some mysterious engravings which propel them on an adventure beyond their imagination. Meanwhile MI6 operative Steven Knight is sent from London to investigate a meteor landing site, but Steven is advised by his own boss not to trust the puppeteers that hold the strings to his investigation. Within the core of the meteor is an alien bacteria that evolves at an alarming rate that not only puts Steven's life at risk, but the entire human race. By unravelling ancient codes and riddles the children journey within the bowels of Edinburgh Castle as they attempt to find the key to Peter's disappearance. The children not only need to save Peter, they need to save the world while they're at it. "One of the Best Science Fiction books I've read..." This science fiction adventure book appeals to both children and adults and raises the possibility of what impact alien bacteria could have on our planet. Would the inherent characteristic of human survival kick in or could the Earth be contaminated and populated by other forms? The genuine scientific and astrological information gives this novel a realistic edge that will leave you considering the possibility of other life forms and parallel worlds long after you turn over the final page. What the reviewers have to say. "A definite must read with its imaginative monsters, realistic main characters, science knowledge, mystery and a unique style which keeps you reading." - Amazon Reviewer. "It was really well written and had such rich detail that made the book shine and come to life ... an amazing jigsaw that slowly comes together." - Best Books. "This is a very entertaining book that anyone can enjoy. I can't wait for the next one." - All My Book Finds. A personal note from the author. The idea for the Moon Stealers arrived, quite innocently one morning when myself and my son, James were getting ready in the bathroom. He asked me to tell him a story so I randomly said, 'Have you heard the one about the Moon Stealers?' and the seed of imagination started. Only a wild and exciting story would be good enough for him so during our time in the bathroom, we threw loads of ideas at each other and concocted an early form of the story. Later, as I started to write, I found that the ideas seemed to organically grow by themselves. James went through every chapter with his pencil telling me where I had made errors. Writing a book for teenagers and young people provides a writer a lot more freedom for ideas and possibilities than an adult one. Children are much more likely to accept things that an adult's methodical and scientific brain would be closed to. With children there is no 'that's not possible,' or 'he wouldn't do that,' or 'because of the erratic nature of ion's it would not be physically possible for teleportation to occur when it rains.' In short, to a child anything is possible. And, as a writer, that's exciting. Writing The Moon Stealers has taken me on a journey back to my childhood and the stories of fantasy and imagination I read in books and comics. I hope you enjoy reading this book as much as I did writing it.

The first in a series of four books that complete the story of The Moon Stealers.In the small Yorkshire town of Parsley Bottom, Peter Crisp, a boy with an unusual gift of being able to see things that others cannot, goes missing after spending the night in a graveyard. Two of Peters school friends, attempt to find him but come across some mysterious engravings which propel them on an adventure beyond their imagination. By unravelling codes and riddles they journey within the bowels of Edinburgh Castle as they attempt to find the key to Peter's disappearance.Meanwhile MI6 operative Steven Knight is sent from London to investigate a meteorite landing which contains a living and evolving alien bacteria within its core.The bacteria quickly evolves into a deadly threat. The children not only need to save Peter, they need to save the world while they're at it.This cult fantasy adventure appeals to both children and adults and highlights the genuine possibility of what impact alien bacteria could have on our planet and the ecosystem on it. Would the inherent characteristic of human survival kick in or could the Earth be contaminated and populated by other forms? The genuine scientific and astrological information that exists within this novel gives it a realistic edge that will leave you considering the possibility of other life forms and parallel worlds for days after you finish it.

Large format full colour edition THE EXCITING ILLUSTRATED HUMOROUS DETECTIVE BOOK OF 2015 Teenager Lawrence Pinkley unwillingly inherits his father's Private Detective Agency on the cold north east coast of England. Despite not knowing the first thing about solving crimes, except from what he's been able to pick up by reading Sherlock Holmes books and watching endless reruns of Columbo, his reputation as a successful Private Investigator is growing. But, when Hollywood comes to town, Pinkley stumbles into the path of the dangerously disturbed Doctor Ubel who could quickly put an end to Pinkley's short career, as well as his life. Meanwhile, Pinkley is employed to find a painting by Van Gogh that has mysteriously disappeared from a locked safe that appears totally impregnable. Pinkley must use all his cunning and limited intellect to find the painting whilst out foxing Doctor Ubel. Packed with surreal and laugh-out-loud moments, The Mystery of Van Gogh's Missing Heart is a hilarious crime novel that appeals to anyone from 8 to 80 (or, come to think of it, you might even like it if you're 100 years old!) Also by Tim Flanagan The Moon Stealer Series The Moon Stealers and the Quest for the Silver Bough (Book 1) The Moon Stealers and the Queen of the Underworld (Book 2) The Moon Stealers and the Everlasting Night (Book 3) The Moon Stealers and the Children of the Light (Book 4) Lawrence Pinkley Mysteries The Curious Disappearance of Professor Brown Lawrence Pinkley's Casebook Vol 1 Lawrence Pinkley's Casebook Vol 2 Review "There is an old-school charm to this novel, with a touch of witty-humor (at times "bathroom-humor") that makes for a great read for middle-schoolers. And of course it does not hurt that the illustrations are their own little masterpieces..." (Elsa Takaoka,picturestoreybook.com) "Tim Flanagan's new children's book, The Curious Disappearance of Professor Brown is a great read. Even the most reluctant reader will find something in this book that will get them wanting to read. It has mystery, humor, and it's paced perfectly so there aren't any parts that drag.We are passengers on the thrill ride that is this book as the mystery unveils itself. The reader will in one moment be laughing, and then in the next moment will be drawn into the suspense of the story." (Maria Foley,Book Junkies) A Personal Note from the Author When I was a child I enjoyed looking at the artwork that went with the books I read, especially those that had some hidden information that added an extra layer to the story. And that was something I wanted to recreate with The Curious Disappearance of Professor Brown. Writing can sometimes be a lonely occupation, but teaming up with someone as talented and inspiring as Dylan Gibson, has made this book a complete joy to work on. Dylan's illustrations bring an added dimension to the story that make the characters take on a life all of their own.
