A hilarious inside baseball account of year in the minor leagues Odd Man Out captures the gritty essence of our national pastime as it is played outside the spotlight. Matt McCarthy, a decent left-handed starting pitcher on one of the worst squads in Yale history, earned a ticket to spring training as the twenty-sixth-round draft pick of the 2002 Anaheim Angels. This is the hilarious inside story of his year with the Provo Angels, Anaheim's minor league affiliate in the heart of Mormon country, as McCarthy navigates the ups and downs of an antic, grueling season, filled with cross-country bus trips, bizarre rivalries, and wild locker-room hijinks.

But they are not the only ones in pursuit: an impoverished artist, a saintly priest, a sleazy informer, and a beautiful young woman all have their own reasons to be desperate to find him. Meanwhile Johnny wanders the streets injured and alone, trapped in a delirious nightmare, surrounded on all sides by betrayal and faced with the realization that he may die that night with the stain of murder on his soul. Ever wonder what it is like to be a longtime member of the Christian Right and a married gay man? Ever believe that such a combo would make Ozzie & Harriet look like Oscar & Felix? Joe Murray was a longtime cadet of the Christian Right and spent the early years of his life building a resume that might make Goldwater envious. He served as a member of Pat Buchanan's Presidential campaign staff in 1999 and was appointed to the Alliance Defending Freedom's prestigious Blackstone Fellowship for budding Christian attorneys in 2000. He spent a number years working on the front lines of the "Culture War" as a Staff Attorney for the American Family Association. He worked with the Pennsylvania Pastor's Network and was a columnist for the conservative Philadelphia Bulletin. Murray, a Conservative Catholic, also happens to be gay. In his new book, Odd Man Out, Murray tackles the misconception that one's identity should predetermine one's politics. Murray's background has provided an excellent opportunity for a frank discussion on a number of social policy issues that are presently dividing the nation. Building upon his experiences working deep inside the Christian Right, Murray discusses how public interest politics has led to a perverse politics in which profit overtakes principle. He shines a light on some of the not-so-Christian events he witnessed while working for the Christian Right and he talks about some of the rivalries that existed (and continue to exist) on the Right. Murray uses his personal story to take the reader behind the scenes of Christian and gay politics and, in doing so, offers new insights on how to frame the controversial discussion. Though a piece of political nonfiction, Murray's new book is also intimately personal. Murray shares a number of stories that have molded his life and shaped how he sees the world. He opens the door for readers to see how a Catholic, Libertarian-leaning, Irish-American, gay attorney is able to fully operate in society, despite the political perceptation that he is an ideological inconsistency. Murray uses his personal experiences to argue that people should use their identity to expand their ideas, not limit them.

In Odd Man Out, Carol Armstrong offers an important study of Edgar Degas's work and reputation. Armstrong grapples with contradictory portrayals of Degas as odd man out within the modernist canon: he was a realist whom realists rejected; a storyteller in pictures who did not satisfy novelist-critics; a painter of modern life who was not a modernist; a member of the impressionist group who was no impressionist. Armstrong confronts these and other paradoxes by analyzing the critical vocabularies used to describe Degas's work. By reading several groups of the artist's images through the lens of a sequence of critical texts, Armstrong shows how our critical and popular expectations of Degas are overturned and subverted. This is a reprint of the book first published by the University of Chicago Press in 1991.
