There is nothing to be found in the pages of *A Series of Unfortunate Events* but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasantries befall the charming and clever Baudelaire children read on . . . In *The Reptile Room* the siblings endure a car accident, a terrible smell, a deadly serpent, a long knife, a brass reading lamp, and the re-appearance of a person they'd hoped never to see again. With 5 million copies sold in the UK alone, one might consider Lemony Snicket's *A Series of Unfortunate Events* to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.

Violet, Klaus and Sunny Baudelaire have found a new home and it looks as though they are going to be happy. Their new guardian, Uncle Monty, is a kind man. But then he employs a new assistant, who turns out to be none other than the evil Count Olaf.

conform. Her mom wants her to be “normal,” to pass as hearing, to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind—like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a community, and believing in something better. Published to rave reviews as *Future Girl* in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, *The Words in My Hands* is very much a novel for our turbulent times.
