William Golding

The Spire is a 1964 novel by the English author William Golding. "A dark and powerful portrait of one man's will", it deals with the construction of the 404-foot high spire loosely based on Salisbury Cathedral ; [2] the vision of the fictional Dean Jocelin.

The Spire - Wikipedia

Set in medieval England, The Spire tells the story of one man ' s vision – the construction of an enormous spire onto a cathedral without foundations. Believing himself to be chosen by God, Jocelin, Dean of the Cathedral, insists that the spire must rise higher and higher, despite the singing pillars and the creeping ground.

description of the novel is entirely accurate.

Reading The Spire - William Golding
William Golding was born in his maternal grandmother's house, 47 Mount Wise, Newquay, Cornwall. The house was known as Karenza, the Cornish language word for love, and he spent many childhood holidays there. He grew up in Marlborough, Wiltshire, where his father (Alec Golding) was a science master at Marlborough Grammar School (1905 to retirement), the school the young Golding and his elder ...

William Golding Reading group: What does William Golding's Spire stand for? There are multiple ways of interpreting the struggle depicted in this complex novel

Reading group: What does William Golding's Spire stand for ...

The spire is the central motif. Early in the novel, the cathedral is envisaged as the body of a man with the spire at the centre, thrusting phallically into the sky. As a symbol of human ambition, it recalls the Tower of Babel.

(published posthumously in 1995) a now rare volume, Poems (1934) and the essay collections The Hot Gates and A Moving Target. Golding was educated at Marlborough Grammar School and at Brasenose College, Oxford.

The Spire By William Golding | Used | 9780571307821 ...

Golding taught at the school attached to Salisbury cathedral and this inspired his story. The hubris of building the tallest tower and stone spire in England on top of thin pillars never meant to hold the weight, themselves built on 4' deep foundations set on wet gravel is amazing.

Cumberbatch as an audiobook). There were three sorts of people. Those who ran, those who stayed, and those who were built in. Dean Jocelin has a vision: that God has chosen him to erect a great spire. His master builder fearfully advises against it, for the old cathedral was miraculously built without foundations. But Jocelin is obsessed with fashioning his prayer in stone. As his halo of hair grows wilder and his dark angel darker, the spire rises octagon upon octagon, pinnacle by pinnacle, watched over by the gargoyles - until the stone pillars shriek, the earth beneath creeps, and the spire's shadow falls like an axe on the medieval world below ...

'Astounding ... So recklessly beautiful, so sad and so strange ... Holds such a place in my soul that it's more or less a sacred text.' Sarah Perry 'A kind of

miracle ... Genius.' Guardian 'Quite simply, a marvel.' NYRB 'Superb ... A classic.' Rebecca West 'A master fabulist .. An iconoclast.' John Fowles 'A visionary ... His masterwork [of] faith, folly and desperate desire ... Golding at his best.' Benjamin Myers

'...the folly isn't mine. It's God's Folly. Even in the old days He never asked men to do what was reasonable. Men can do that for themselves. They can buy and sell, heal and govern. But then out of some deep place comes the command to do what makes no sense at all - to build a ship on dry land; to sit among the dunghills; to marry a whore; to set their son on the altar of sacrifice. Then, if men have faith, a new thing comes.' Dean Jocelin has a vision: that God has chosen him to erect a great spire on his cathedral.

William Golding

His mason anxiously advises against it, for the old cathedral was built without foundations. Nevertheless, the spire rises octagon upon octagon, pinnacle by pinnacle, until the stone pillars shriek and the ground beneath it swims. Its shadow falls ever darker on the world below, and on Dean Jocelin in particular.

The vision that drives Dean Jocelin to construct an immense new spire above his cathedral tests the limits of all who surround him. The foundationless stone pillars shriek and the earth beneath them heaves under the structure's weight as the Dean's will weighs down his collapsing faith. Meanwhile, the towering spire casts a shadow of dread on all those who behold it.

Sammy Mountjoy, artist, rises from poverty and an obscure birth to see his pictures hung in the Tate Gallery. Swept into World War Two, he is taken as a prisoner-of-war, threatened with torture, then locked in a cell of total darkness to wait. He emerges from his cell transfigured from his ordeal, and begins to realise what man can be and what he has gradually made of himself through his own choices. But did those accumulated choices also begin to deprive him of his free will.

A small tribe of Neanderthals find themselves at odds with a tribe comprised of homo sapiens, whose superior intelligence and agility threatens their doom.

himself before going to university. But this is the 1920s and he lives in Stilbourne, a small English country town where everyone knows what everyone else is getting up to, and where love, lust and rebellion are closely followed by revenge and embarrassment.

In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become *Lord of the Flies*, a book that would sell in the millions and bring Golding worldwide recognition. Golding went on to become one of the most popular and influential British authors to have

William Golding

emerged since World War II. He received the Booker Prize for the novel *Rites of Passage* in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the *Castle Rock* in *Lord of the Flies* continues to inspire him, so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels *Hearts in Atlantis* and *Cujo*. Golding has been called a British Vonnegut—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled

by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding ' s family, Carey uses hundreds of letters, unpublished works and Golding ' s intimate

Online Library The Spire

journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.

Fame, success, fortune, a drink problem slipping over the edge into alcoholism, a dead marriage, the incurable itches of middle-aged lust. For Wilfred Barclay, novelist, the final unbearable irritation is Professor Rick L. Tucker, implacable in his
