Coaching is one of the most sought-after leadership skills - vital for anyone who wants to develop a team of people who will perform effectively, but are also motivated and relish working together. It's also a dynamic discipline which, in recent years, has developed and grown to embrace theory and practice from a wide range of other disciplines, frameworks and models. Mastering Coaching starts by asking what

Contemporary writers position ‘ dialogue ’ at the heart of change theory, but what do we mean by ‘ dialogue ’ ? The Tao of Dialogue explains through story what dialogue means, and how to leverage dialogic principles in managing relationships within the workplace. Accessible and innovative, The Tao of Dialogue explains the basic principles of dialogue, defined as a way of thinking and reflecting together with others, through the story of Michael, the CEO of a company about to embark on a life-changing journey. In the first half of

the book, he is introduced to the idea of dialogue by Hannah, an internal change practitioner working within the organisation. He is encouraged to engage in dialogue with those he seeks to influence, which requires him to examine his mindset and proactively make changes to the ways in which he is communicating with his team and the wider organisation. In the second half of the book Michael is assisted by Mark, an external consultant with expertise in dialogic team and organisational development, who helps him apply dialogic principles to leading his team. Engaging yet practical, each part concludes with a summary of the dialogue that has taken place and how the model can be used in the real world, as well as an overview of the journey of the organisation, team and individuals. Emerging from dialogue between seven experienced, international coaches, The
