The Zen Of Listening Mindful

As the author of The Zen of Listening so aptly states in the intro to her book, it's easy to amass a list of behaviors to become more mindful...it is another thing entirely to implement those behaviors, and another thing again to truly transform into a more mindful anything. The Zen of Listening is not a bag of cheap tricks or trite, quick-fix tips; it is a guidebook for the journey of introspection and transformation necessary to quiet our internal voices enough to become better listeners.

The Zen of Listening Quotes by Rebecca Z. Shafir

In my experience, mindful listening is active listening and it is a powerful mindfulness practise that benefits both the person speaking and the person listening. The speaker feels listened to and knows that they have been listened to, and the listener gains far deeper insight into what the speaker really means.

---

Mindful Listening - How To Listen Beyond The Spoken Words

In her 2000 book, "The Zen of Listening," Shafir says mindful listening helps you to: Retain information. Pause before you speak so that you can consider the effect of your words. Pay attention for longer. Boost your self-esteem. Shafir and Scott also suggest mindful listening can potentially have physical and psychological benefits.

Amazon.com: Customer reviews: The Zen of Listening ...

Zen, mindfulness, and well-being are all buzzwords right now – just append them to any subject and “boom!”, instant appeal. Don't get me wrong, I very much appreciate the current focus on living in the moment and appreciating the things we have; however, an unfortunate side effect of this interest seems to be a devaluing of those ideals.
