Registering Host Initiators in the VNX Unisphere. Now we will see how to register the Host Initiators in the VNX, before that we will discuss about the importance of it. Once the Zoning task is completed for the newly deployed server in the Data center, we have to login to the VNX Unisphere to check the host initiators are logged in or not. If we have installed the Unisphere Host Agent already on the server, it will log in automatically to the VNX Unisphere, if not we have to register the ...
