Umarex's Walther PPK is the first CO 2 replica to feature realistic blowback of its firearm counterpart, including a locking slide after the last round is fired. With 15 rounds at 295 fps, you can count on more shots per CO 2 cartridge than most other 400+ fps pistols. With identical size and weight specs to the firearm, this version makes for an excellent relatively safe trainer for youth or when using a firearm is not

~~Walther PPK/S Pistol (Medium) Amazon.com~~
I have owned two Umarex Walther PPK/S, and they are generally great pistols (read the review here). However, in my opinion the appearance of this replica is spoiled by the CO2 tightening/piercing knob which projects below the butt. On early models this is a huge plastic wing nut. On later models it's a slightly smaller plastic tab.

~~Walther PPK/S ...~~

To fill the need for performance in a concealable package, Walther broke the mold of pocket pistols and full-size military pistols to bring undercover officers a more-practical and reliable option, the PPK. It is chambered in .380 ACP, the PPK provides all the power needed in a self-defense pistol without sacrificing on critical functionalities.
