critical consumer of others' research, and to gain confidence in their ability to be producers of research. Sue McGregor shows students how to be research literate, and how to find, critique and apply other people's scholarship. This textbook is grounded in a solid understanding of the prevailing research methodologies for creating new knowledge (philosophical underpinnings), which in turn dictate problem posing, theory selection, and research methods (tasks for sampling, collecting and analyzing data, and reporting results).

Research is difficult. Even though students are trained in the basic research methodology skills, when confronted with research writing, it feels to them as if they enter a bizarre world, with its own

language and conventions, where it is hard to get things right. This book translates the apparent complexities of research writing into everyday ideas, language and skills, and will enable novice researchers to start overcoming the major stumbling blocks immediately. This book focuses only on the greatest challenges in research writing, specifically those that supervisors find most difficult to explain to novice researchers. These challenges include both basic and more complex skills, such as: finding original research contributions; establishing one's voice while drawing on other authors; turning a vague idea into a feasible research question; generating literature reviews that are original in themselves; and avoiding list-like writing when discussing the research methodology. Wentzel shows that it is easier to overcome these challenges, not with lists of prescriptions that are difficult to remember while

From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. “ A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world. ” —Michael Lewis

The human presence that animates the personal essay is surely one of the most beguiling of literary phenomena, for it comes across in so familiar a voice that it 's easy to believe we are listening to the author rather than a textual stand-in. But the “ person ” in a personal essay is always a written construct, a fabricated character, its confessions and reminiscences as rehearsed as those of any novelist. In this first book-length study of the personal essay, Carl Klaus unpacks this made-up self and the manifold ways in which a wide range of essayists and essays have brought it to life. By reconceiving the most fundamental aspect of the personal essay—the I of the essayist—Klaus demonstrates that this seemingly uncontrived form of writing is inherently problematic, not willfully devious but bordering upon the world of fiction. He develops this

Download Free What Is An Argumentative Paper

key idea by explaining how structure, style, and voice determine the nature of a persona and our perception of it in the works of such essayists as Michel de Montaigne, Charles Lamb, E. B. White, and Virginia Woolf. Realizing that this persona is shaped by the force of culture and the impress of personal experience, he explores the effects of both upon the point of view, content, and voice of such essayists as George Orwell, Nancy Mairs, Richard Rodriguez, and Alice Walker. Throughout, in full command of the history of the essay, he calls up numerous passages in which essayists themselves acknowledge the element of impersonation in their work, drawing upon the perspectives of Joan Didion, Edward Hoagland, Joyce Carol Oates, Leslie Marmon Silko, Scott Russell Sanders, Annie Dillard, Vivian Gornick, Loren Eiseley, James Baldwin, and a host of other literary guides. Finally, adding yet another layer to the

made-up self, Klaus succumbs to his addiction to the personal essay by placing some of the different selves that various essayists have called forth in him within the essays that he has crafted so carefully for this book. Making his way from one essay to the next with a persona variously learned, whimsical, and poignant, he enacts the palimpsest of ways in which the made-up self comes to life in the work of a single essayist. Thus over the course of this highly original, beautifully structured study, the personal essay is revealed to be more complex than many readers have supposed. With its lively analyses and illuminating examples, *The Made-Up Self* will speak to anyone who wishes to understand—or to write—personal essays.
