the emerging workforce and shows readers the specific actions they can take to give their employees a deep commitment to performing excellent work.

Analyzes the decline of employee work ethic, and suggests connecting with young employees and modeling appropriate attitudes and behavior for them.

Examines the proliferation of new ways of making "art" in the 1960s by focusing on the changed organization of work in society at the time. Co-published with The Baltimore Museum of Art in conjunction with an exhibition of the same name.

Case studies and strategies for more effective multi-generational management Clash of the Generations explores this new and increasingly common workplace phenomenon, and provides strategies to help managers navigate this ever more complex maze. Traditionally, older workers would retire and make room for the next generation; instead, Baby Boomers are now prolonging their time in the workplace, yet the successive generations are still coming in. Senior leaders are now left to manage a blended workplace comprised of up to four generations—each with their own ideas of work ethic, work/life balance, long-term career goals, and much more. Management is challenging at the best of times, but the new prevalence of generation gaps—sometimes even layered—add an entirely new dimension to an already complex responsibility. This book presents case studies and interviews with representatives of companies with age-diverse workforces, detailing innovative strategies for smoothing out the bumps and helping everyone work together. Managers have long wished that their positions came with an instruction manual, and this book delivers with a host of effective inter-generational management strategies illustrated by real-world companies. Manage the multi-generation workplace more effectively Navigate the generational culture clash Adopt proven strategies for helping everyone get along Promote a more positive culture amidst clashing expectations Every generation in the workplace has value, each has their own strengths, their own weaknesses, and their own unique talents. Each is indispensable, and when they come together as a synergistic force, they can be unstoppable. Effective management means bringing out the best in your workforce, and the strategies presented in Clash of the Generations help you streamline your varied workforce into a team more valuable than the sum of its parts.

First Published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

How the rise of machines changed the way we think about work—and about success. The phrase “a strong work ethic” conjures images of hard-driving employees working diligently for long hours. But where did this ideal come from, and how has it been buffeted by changes in work

Read Book What Is Work Ethic

itself? While seemingly rooted in America's Puritan heritage, perceptions of work ethic have actually undergone multiple transformations over the centuries. And few eras saw a more radical shift than the American industrial age. Daniel T. Rodgers masterfully explores the ways in which the eclipse of small-scale workshops by mechanized production and mass consumption triggered far-reaching shifts in perceptions of labor, leisure, and personal success. He also shows how the new work culture permeated society, including literature, politics, the emerging feminist movement, and the labor movement. A staple of courses in the history of American labor and industrial society, Rodgers's sharp analysis is as relevant as ever as twenty-first-century workers face another shift brought about by technology. *The Work Ethic in Industrial America 1850-1920* is a classic with critical relevance in today's volatile economic times.

Table of Contents

On Fire at Work flies in the face of other books on workplace culture by showing that employee engagement isn't the ultimate goal—it is merely the starting point. Renowned leadership expert Eric Chester has gone straight to the source—top-tier leaders of the world's best places to work to uncover their best practice strategies for getting employees to work harder, perform better, and stay longer. *On Fire at Work* features examples and original stories from exclusive personal interviews with over 25 founders/CEOs/presidents of companies like Marriott, Siemens, BB&T Bank, Wegmans, 7-Eleven, Hormel, Canadian WestJet, Ben & Jerry's, and The Container Store, along with smaller companies like Firehouse Subs, the Nerderly, and Build-A-Bear. The guiding principle is that any organization in any industry—from Fortune 500 firms to mom-and-pop shops—can learn how to bring out the very best in their employees. The book's content-rich research and conversational case study-based narrative make it a timely, actionable go-to reference on employee performance and productivity for C-level execs, corporate and government managers, HR professionals, and small business owners. *On Fire at Work* is a practical field guide that any organization can implement to build, not an engaged workforce, but a workforce that is on fire!

In the New York Times bestseller that the Washington Post called "Lean In for misfits," Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a

typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. "A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing." -Los Angeles Times "Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules." -Vanity Fair "#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement." -Lena Dunham
